10. BRIEF SUMMARY OF SIGHTING Two (2) objects, which appeared as large, silver, objects, faded out of sight after a period of about fifteen (15) minutes.				11. COMMENTS Although the observers stated the object was moving SW, the winds do not clearly substantiate the balloon theory. The duration of the sighting, the description of the sighting, and the fact that two qualified balloon directors said that the objects were part of Moby Dick leads this Hqs to the conclusion that the objects were probably balloons.
