| 10. BRIEF SUMMARY OF SIGHTING<br><br>One (possibly two objects in close proximity) the size of the head of a pin when first sighted and then the size of a No. 4 BB when the object(s) passed overhead. Dull metal appearance. Straight and level flight path.<br><br>(NO CASE IN FILE) |  |                                                                                                                                                                                                       |  | 11. COMMENTS<br><br>Due to the delay and the discrepancies in the observers' stories, no investigation was authorized. This report was received by AF Form 112 and was investigated by the intelligence officer from the 5th Bomb Wing. The investigating officer could not determine the cause of the sighting. Forwarded to ATIC as "unknown".                                                                                                                                                                                                                                                                     |  |
