10. BRIEF SUMMARY OF SIGHTING One bright white object, about the size of a dime held at arm's length flying south, was seen for a period of two minutes. The object was first seen at an angle of elevation of 20 degrees and disappeared over the horizon. NO REPORT IN FILE				11. COMMENTS It is the opinion of this hq that this sighting was possibly caused by an aircraft due to the duration of the sighting, the flight path straight to the south, and to the fact that the area of the sighting experiences a heavy amount of air traffic.
