Unidentified FlyObj, Greenwood Lake, NY

DETAILS:

AT NEW YORK, NEW YORK

1. This investigation was predicated upon information received by the reporting agent from ~~XXXXXXXXXXXX~~, age 32, a portrait painter, resident at ~~XXXXXXXXXX~~ Street, New York, New York, by telephone on 18 July 1956.

2. WHITE reported that on 14 July 1956, he had twice observed a flying object in the sky. The observations took place for short periods at about 1630 hours and 2200 hours. The periods of observation were brief. WHITE could not tell whether he had seen the same object in both instances of observation. He described the object seen at 1630 hours as the size of a dime, silver colored, disc shape, and motionless; then it tilted, appeared to have a dome on the top, and disappeared.

The object seen at night was also the size of a dime, red in color, of disc shape, and was traveling at high speed; it curved sharply across the sky, and disappeared. Weather conditions were good for observation; no instruments were used. WHITE advised that his wife, ~~XXXXXXXXXX~~, resident at his address, also ~~XXXXXXXXXX~~, an oil explorer, and ~~XXXXXXXXXX~~, both of Greenwood Lake, New York, could corroborate his observation, in part. When ask if he could be interviewed, personally, about the matter, WHITE replied that a personal interview would take too much of his time.
