| 10. BRIEF SUMMARY OF SIGHTING<br>One round very bright object about size of dime at arm's length. Color was silver w/gold tint. Obj was larger & brighter than a star. Obj appeared in SW & moved NE til almost directly over observer then obj appeared to halt for a few seconds before turning & disappearing towards the SE. About 5 mins later, obj appeared in SE & moved on straight line to NE where it disappeared again. Ten mins later, obj reappeared in NW moved on a straight course to SW where it disappeared in view for last time. |  |                                                                                                                                                                                                       |  | 11. COMMENTS<br>Report of this sighting came fm Commander, SAAMA, Kelly AFB, Tex via AF Form 112. Length of time of each sighting & straight course of obj indicate a possible a/c. Evaluation is possibly a/c.<br><br>No Report In File                                                                                                                                                                                                                                                                                                                                                                |  |
