| 10. BRIEF SUMMARY OF SIGHTING<br>Object round, size of basketball, orange colored. Moved fr West to East at a speed faster than a jet, yet observer states it was in sight for 1 and 1/2 hours. |  |                                                                                                                                                                                                       |  | 11. COMMENTS<br>Because of inconsistency of observers statements regarding UFO movement, speed and time in sight- no evaluation can be made.                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |
