Flying Object Reports
Received on night
of 22 Aug 1956

Several reports of flying objects were called in last night. I took notes on a few. The gist of these reports was that a light-like object was seen crossing back and forth across the city of Dayton last night. It seemed to eject a blur ~~in~~ flame and made no noise. Only one report described it to be disc shaped. Most of these reports came in shortly after 2100 hours. The Deputy Sheriff made his two calls at 0400 and after this morning. Here are some of the names and addresses of the people who witnessed this flight (?).

"Flying Saucer?"

No, Just Plane!

23 AUG 56

Any area resident who may have been alarmed last night by a "flying saucer" cruising leisurely over the Miami Valley saw right but drew the wrong conclusion.

The Wright Air Development Center's photographic reconnaissance airplane was taking pictures of the Dayton area again.

This is the same ship which stirred a number of Xenia people to besiege Wright-Patterson Air Force base with inquiries one night several weeks ago.

Equipped with a strong bluish light, the plane does present an eerie sight. But it wasn't a flying saucer. Sorry.
