Mrs. [REDACTED]
[REDACTED] New York

Dear Mrs. [REDACTED]

This is in reply to your letter of August 28, 1956, concerning your sighting of an Unidentified Flying Object.

We are most certainly still interested in these sightings. Inclosed is a USAF Technical Information Sheet for you to complete regarding the phenomenon you have observed.

Any aerial objects, so long as it remains unidentified, represents a potential threat to the security of the United States; therefore, it becomes of great concern to the Air Defense Command which is charged with aerial protection of the United States. It has, for some time now, been the joint responsibility of the Air Defense Command and the Air Technical Intelligence Center to investigate Unidentified Flying Objects and to determine whether or not they represent developments outside our own scientific knowledge.

It is requested that you forward the completed form directly to:

Air Technical Intelligence Center
Attention: AFOIN-4E4
Wright-Patterson Air Force Base
Dayton, Ohio

Your interest is greatly appreciated.

Sincerely,

TIMOTHY R. JOHNSON
Lt Colonel, USAF
Directorate of Intelligence

38. In your opinion what do you think the object was and what might have caused it?
I have no idea. I do know it was no ordinary aircraft as I live in an area where commercial planes, jets, and Army planes pass ~~daily~~ regularly, day and night, and none has ever appeared like this. Furthermore, all of those have an accompanying noise, no matter how distant - but this was completely silent. They also have riding lights which blink on and off. This whole thing glowed steadily from end to end.

DATE Sept. 8 - 56Saturday 25th

It was in early evening on a clear warm day in August. I was sitting on our breezeway in back of our house, looking out towards the garden and horizon. Suddenly, from behind some tree in front of me and to my right, appeared ^{in the sky} a bright, bullet-shaped object trailing a long tail of what seemed to be sparks and smoke. I thought at first someone was sitting off the porch because of the long bright tail but as the object, which was like a bright bar of neon, continued in a straight course across the sky I realized it was not fire smoke. The thing had no protrusions, like wings, and glowed from end to end with a steady light. did not flash on and off nor increase.

The object was long and narrow. Rather like a
cigar wider in center 10

or decrease in brightness. There were a few scattered
clouds and the object passed in front of them.
There was no breeze stirring and every thing was
still as I could have heard any sound but the light
thing made no noise of any kind. It was real
wonderful to watch it say, it bright and so silent,
across the sky. When I first saw the object I called my
husband and he watched it for a while then went on
with some garden work he was doing. I continued to
follow the thing and even got up and walked
but across the lawn as I could watch it as far
as possible. Only once was it out of my sight when
it passed behind a tall oak in our lawn. Then it
reappeared and I watched until it faded into the
distance. As I often watch the commercial planes
which pass over here daily I would estimate that it
took about the same time for the to pass out of
sight as it takes for the air lines. Even after I
could no longer see the object the big bright trail
could stretched across the sky. As the appeared
around 7:30 P.M. E.D.S. the sun had set but as yet
no stars or moon had appeared. It was like bright
twilight. The thing travelled ⁱⁿ a ~~South~~ South to a N.E. direction.
Again. Comparing to commercial planes I judge this object to have been
