Gentlemen:

I have taken some photographs which may be of interest to you. In these photos are what I believe a U. F. O. I myself think they are flying saucers. I am twelve years old and I was ten when I got the shots. I developed the films myself and printed the photos. Since then I've read all I could get my hands on in the subject. I have three different negatives of the UFOs. I am just sending the prints. If you want the negatives please notify me.

One of the pictures is a regular exposure and the other UFO didn't show up so I over exposed it the next time and it showed up. I hope you find these a help. Thank you.
Yours Truly,

P.S. I have no spectacular story to go with it.
