1. DATE 28 March 1957		2. LOCATION Pasadena, California		12. CONCLUSIONS ☐ Was Balloon ☐ Probably Balloon ☐ Possibly Balloon ☐ Was Aircraft ☒ Probably Aircraft ☐ Possibly Aircraft ☐ Was Astronomical ☐ Probably Astronomical ☐ Possibly Astronomical ☐ Other _____ ☐ Insufficient Data for Evaluation ☐ Unknown	
3. DATE-TIME GROUP Local _____ GMT 24/0726Z		4. TYPE OF OBSERVATION ☒ Ground-Visual ☐ Ground-Radar ☐ Air-Visual ☐ Air-Intercept Radar			
5. PHOTOS ☐ Yes ☒ No		6. SOURCE Civilian & Military			
7. LENGTH OF OBSERVATION 14 minutes		8. NUMBER OF OBJECTS one		9. COURSE Westerly	
10. BRIEF SUMMARY OF SIGHTING One round bright red object the size of a grapefruit at arm's length. Object appeared to have white flakes shooting out. Object was estimated at four to five thousand feet alt and moving westerly. Object disappeared in the West.				11. COMMENTS Concur with Reporting Officer that this sighting was probably caused by exhaust glow of a passing a/c.

MORE AT OXNARD

March 23-24, 1957: In News Letter #7 (p. 25) we described a UFO sighting over Oxnard AFB, California, in the early morning hours of March 23. In the evening of that same day numerous other reports were received from the same locality and nearby.

At 9:55 p.m., from Downey (about 40 miles southeast of Oxnard), [redacted] of Pasadena reported seeing a silent "bright red object" in the south.

At about 11:00, reports began to come in from Pasadena. Hundreds of people along Colorado Street stared into the sky at an object. The Pasadena police switchboard took numerous calls and the Pasadena Filter Center received "many" reports between 11:10 and 11:50. Captain Joe Fry, Filter Center C.O., said, "We had reports that the UFO was orange-red, flashing a bright white light. Some of the callers claimed they heard the 'sound of reports' when the light flashed from the object." The Filter Center notified "our radar contact" (an unidentified CAA post near Los Angeles).

Captain Fry also said that a complete report was filed with Norton AFB; Major Thomas Bowers, Information Services Officer of the 27th Air Division, said the object could not be identified. "We were not able to pick the object up on radar. No Air Force personnel saw the object." (Both of these statements by Major Bowers are contradicted by [redacted] in his UFO Investigator - see item on NICAP for details --Eds.) Bowers added that other reports had come from Los Angeles and Oxnard; he had heard that a plane from Oxnard AFB had been sent up to investigate but he had no official confirmation that such was the case.

Among the Pasadena observers were Air Force T/Sgt. Dewey Crow and Les Wagner (of the L. A. Mirror-News), who works with Crow at the Air Defense Filter Center. Wagner, thinking the object may have been a balloon, checked various bureaus and stations that launch balloons, but failed to learn of any releases that might account for the object.

Finally, in the early morning hours of March 24, near Oxnard, a UFO "swished" low over a car driven by [redacted], of the U. S. Navy. The UFO buzzed his automobile all the way to the gates of the U. S. Naval Station. — Russ Leadabrand in the Pasadena Independent, 3/26; Lee Pitt in the L. A. Mirror-News, 3/29; [redacted] Flying Saucers, Summer issue, quoting Ventura Free-Press, 3/25.
