

PROJECT 10073 RECORD CARD

1. DATE 6 April 1957		2. LOCATION Reseda, California		12. CONCLUSIONS ☐ Was Balloon ☐ Probably Balloon ☐ Possibly Balloon ☐ Was Aircraft ☐ Probably Aircraft ☐ Possibly Aircraft ☐ Was Astronomical ☐ Probably Astronomical ☐ Possibly Astronomical ☐ Other ☒ Insufficient Data for Evaluation ☐ Unknown	
3. DATE-TIME GROUP Local _____ GMT not reported		4. TYPE OF OBSERVATION ☒ Ground-Visual ☐ Ground-Radar ☐ Air-Visual ☐ Air-Intercept Radar			
5. PHOTOS ☐ Yes ☒ No		6. SOURCE Civilian			
7. LENGTH OF OBSERVATION 3-5 minutes		8. NUMBER OF OBJECTS one		9. COURSE stationary	
10. BRIEF SUMMARY OF SIGHTING Cigar shaped cone size of DC-6 at 1000-1500 ft observed in a stationary position. If object moved it was toward observer. Object surrounded by elliptical light 1 1/2 times as long as wide. Color was golden. Core was 5X brighter than outer portion. Color of core yellow flickering. No details, no sound, no trail, no exhaust. Object in WNW portion of sky at 60 dgr elevation. Disappeared like turning out light.				11. COMMENTS Insufficient data for evaluation. Time of day not included. No Other reports from this area on this date. Possible a/c approaching observer.

2. On 5 April 1957 [REDACTED], home address [REDACTED], Reseda, California; office address [REDACTED], Los Angeles 46, California, telephonically reported to Special Agent DALLAS G. WEDDLE that he had observed an unusual phenomena and was writing a letter to Headquarters USAF explaining his observation. On 8 April 1957 Special Agent GLENN T. COX interviewed [REDACTED] at his office. *Fairly low alt!*

A cigar shaped core, approximately the size of a DC-6 at 1000 to 1500 feet, surrounded by an elliptical light with length radius 1 1/2 times and width radius 1/2 times as long as the cigar shaped core. The elliptical glow was bright golden in color; while the cigar shaped core was approximately five times brighter than the outer light and was a yellow flickering color. The one object he sighted had no discernible details, no tail or exhaust stream, and issued no sound.

Mr. [REDACTED] advised that his attention was directed to this object by its brilliant glow. He first observed it in a west by northwest direction at an angle of approximately 60 degrees above the horizon. The object made very little movement and what movement was made was towards the observer. The entire phenomena disappeared like

5 April 1957 - but at what time?

the turning off of an electric light, in that there was an immediate blackout and no gradual fading of this light. He estimated that he observed this object for approximately three to five minutes. ← *Note!*

This observation was made on the ground without the aid of any mechanical equipment.

~~██████~~ indicated that insofar as he knew he was the only one to observe this incident and at the time of his observation he was standing in front of his home which faces in a southerly direction.
