Commanding Officer,
USAF--Ground Observer Sq.,
Selfridge Field,
Detroit, Mich.

Subject: Declared vision of Flying Saucer

Dear Sir:

On Thursday, September 5th, 1957 at approximately 2:30 P.M. one of our citizens, Mrs. [redacted] of the village of Archbold, Ohio reported to me that she viewed a Flying Saucer in the northeast section of this area and Mrs. [redacted] of Hey, Ohio also verified that she [redacted] also viewed this Flying Saucer in the same direction.

They declare it was a bright object of oval shape shining like the reflection of a mirror, wavering in the air at first. Then it moved in a vertical direction and then horizontal directions after a bright red light flashed on the upper part of the object as if it were firing up.

At first it was thought it was a aircraft in trouble but after the flash of the red light, the object began traveling at a rapid rate of speed up and away toward the southeast.

Hey, Ohio is about 15 miles south of Archbold where the other party declared she viewed the saucer.

At first I discounted the idea and questioned Mrs. [redacted] if she were mistaken and that possibly it was aircraft because sometimes aircraft high in the air with the sun shining on it resembles a object other than aircraft, but she insisted that it was not aircraft as did the other party.

This information is reported to you for what it is worth and we would appreciate your report of findings and if anybody else viewed this so-called Flying Saucer.

Justice of the Peace
and former Supervisor
of Ground Observer Corps
Archbold, Ohio

① No direction of flight
② No specific location - only general guess.
No significant data

She just saw a flying object in the sky

On [redacted] did they have [redacted] [redacted]?

incl - [redacted]
