IN ACCORDANCE WITH JCADF INTERIM CHANGE 1 TO CONADM 55-1 THE

*cannot
does not know the
direction of altitude
he observed it.*

ATIC Comment:

- 1. Insuff. Info. upon which to proceed.*
- 2. Obs. gives no indication of where object was located, direction, bearing, altitude, etc.*
- 3. Venus now so bright papers have reported on its brilliancy, but cannot conclude this was obj (i.e. standing still - reddish green - etc - are good clues)*
