Dear Sr.

We are in receipt of your letter and sketches of 14 December 1957 regarding certain many-colored unidentified aerial objects which you observed near the Mexico City airport.

Although we have received no reports or notice of anything unusual from the radar, flight, or military units in the area at that time, your report shall be given attention as part of our continuous study in this field.

Attached please find Department of Defense material on the subject of unidentified flying objects.

Your reporting of the incident and your interest in this matter is appreciated.

Sincerely,

ROBERT E. O'CONNOR
Captain, USAF
Assistant Adjutant

1. News Release
2. USAF Summary

no reports or notice of anything unusual from radar, flight, or military units in the area at that time from the Mexican Government yet took place over a crowded airport in broad daylight. Probably misinterpretation of conventional phenomena, such as swirling cloud or wind dust devils, with the colors due to the interplay of light from the early morning sun.

Dear Sir,

Once I had heard that if we ever saw
any "flying Sorcerer" or any thing that look like a
"flying Disk" I was a witness to it. or am I?

It happened in the Air Port of Mexico City this
Dec 13-1957 at 0945 to 0955. A.M.

But if you want the names of all who saw it I'll
get them. I made several copies of it. & that's
what we really ~~sent~~ ^{sent}

I never ~~did~~ believe in flying Disks
until I saw one. But now I have seen them
15 to 20 flying ^{at the same time} in one time I just can't believe
what I saw. But I'm not the only one. So many
men: even though the Mexican Air Force saw it.
(believe it or not.)
