4. Scrambled fighters, and
liners up - nothing
announced noted.

1. Astro Chart indicates
bright, twinkling star ARCTURUS
ENE at that time, and
at rather high elevation
(approx 50 degrees) near the
position given by observer
2. As no weather given in
report contacted 6th Wx Sq.
Weather at that time and place:
"scattered - fast moving clouds"
3. Therefore, very bright star - being observed
