Dear Senator Smith;- In regard to the emclosed,as written by Col.Boyd B White of the Dow Air Force ,Feb.I2th I959. As you will see that the letter is dated back in '59,with the idea of me getting back the ~~the~~ pictures;now it wasn't pictures I gave him,it was negatives,but be as it may,I sure would like to have them back,and was wondering if you could hurry things up a little by investigating the said problem.

I would like to have them,as quite a few people are awfully interested in the subject ,(Flying Objects) and the picture I have left are very interesting to them.

As you haven't heard from me for quite some time, will say that I was a friend of [redacted]'s quite awhile ago;they have sold the house he lived in at Winterport.

Wishing you the best of health,and a nice New Year in all this"mess"we're in,I remain

Sincerely yours

Mr [redacted]
Belfast, Maine

Dear [redacted]:

I am writing in reply to your query concerning your photographs. Shortly after your initial sighting; I sent a qualified officer to investigate the situation. His information, together with the photographs that you sent me, were given to Air Intelligence for their review and analysis.

Past records have shown that sightings such as you have made, are usually attributed to natural phenomena. Even so, the Air Intelligence takes great pains to study all available information and photographs in order to ascertain the innocence of such incidents. As of this date, I have not received your photographs from the Intelligence people. Upon receipt, however, they will be forwarded to your residence.

Sincerely,

BOYD B WHITE
