Mrs [redacted] called the Field OD later at about 2400. I called her back and she said she had again seen the object at about 2050. This time it seemed to burst into flames and drop toward the earth at a high speed. A check with the weather station revealed that they had put up a balloon at 1830 which drifted toward Dayton and burst and crashed by a real parachute at 2045. Maj Galziano + Capt Brown sighted ~~the~~ object at 1845. Field OD's observed it for about 15 minutes. Said it was extremely bright.
