UFO ANALYSIS SHEET

Location St Joseph, Michigan

Date 15 Sep 1958 Hour (Z) 0515Z

WX Clear, winds south 14 knots, 15 plus mi visibility.

Description Round, size of baseball at arm's length, gold color. Tail was same size of object. Moved very slowly. Did not see object disappear. It was observed for 31 minutes. Moved from NE to S.

Direction of Motion NE to SW

Satellite: (AFCIN-4F3, Phone 69219)

Astronomical Phenomena (Meteor, Comet, Planet, etc) _____

Radar Analysis (AFCIN-4E1) _____

Natural Phenomena (Ball Lightning, etc) _____

Aircraft, Balloons, Airships, etc. _____

Other _____

Evaluation of Source Reliability _____

Analysis and Conclusions: The elevation and azimuth of the object when first and last seen was not reported. The possibility exists that the object could have been a planet; however, there is insufficient information to form a valid conclusion.

Report for ATIC UFO PROJECT Office:

1. The following UFO Report was called into the SDO by WFAFB Operations Flight Services and was received from J.W. at Cleveland ARTC which utilized a format from an out-dated AFR 200-2 (as the call was not from the observer, I did not attempt to match the report to ATIC Form 164):

Description of object, etc: (as taken from this outdated AFR 200-3)

1. a. Shape - Like a star.
b. Size - Golf Ball.
c. Color - Yellowish.
d. Number - one (1).
e. Not applicable.
f. Discernible features, etc - Glows like Sun through dark glasses.
g. None.
h. None.
i. Other pertinent or unusual features - Seems to hover and slowly rise moving to east and north-east, not very far.
2. a. Location of observer - Sitting on porch looking at stars, noticed object over top of neighbors house.
b. Angle, description of flight, etc - 30% to the horizon and climbing as much as 45%, always to east of observer.
c, d, e, f. This portion "negative" except that the observer noted the object for about 45 minutes, which was up until he called the report in.
3. a. Manner of Observation - Eyesight.
b & c. - Negative.
4. a. Time and date of sighting - 150310Z Sept. 0310-5 = 2210
b. Night.
5. Location of observer: Lakewood, Ohio near Cleveland, Ohio.
6. Name, etc: [REDACTED]
[REDACTED] Lakewood, Ohio. Telephone: [REDACTED]
Occupation: Driver for Continental Trailways Bus Co.
(also former Air Force Pilot).
7. Weather, etc: Clear, good visibility, no ceiling.
8. None.
9. Not known.
10. Nothing.
11. Operations Flight Services Officer - Nothing to add, except the above information received by them from J.W. at Cleveland ARTC.
12. Negative.

The observer probably
observed the star
Capella.

Prob Astro

above re'cd by ATIC SDO at approx.
2330 Hrs, 14 Sep 1958.
