Extra cc. herewith

Sir:

At this belated date I write to thank you kindly for your good letter of 7 MAR 1958. Yours was in response to mine of 31 January 1958, to the Air Adjutant General, requesting permission to land on T-3. As you will know, we did not do so.

This letter is on two other points, unrelated to above.

Point 1 On the 17 APR 1958, while on duty as Hydrographer on the Colorado River (Riz), for the U S Geological Survey, at the mouth of Bright Angel Creek in the mile deep Grand Canyon, the following quoted notation was made, in longhand, by myself.

" ? Meteor ? 17 Apr. 9:05 AM
Most brilliant one (Meteorite) I've seen in a lifetime---
" More bright-white than any other coloration. (Perhaps, trace of pinkish red)
" Obs was attracted by great or sudden brilliance. Noted to move - as if from near due West to about S by W (Falling at app. 15 to 20 degree angle to horizon.) Was perhaps 12 to 15° angle above Grand Canyon Rim. (Taking it about 45 to 55° UP from our plane-) (I called quick attention to the fireball to [redacted], who saw it a portion of seconds (1 or 2) at its most brilliant).
" Completely burned out - very shortly."

Did we observe an oxidizing meteor, or satellite section? If there be value in verification write to: [redacted] to Secretary of State for Canada.

Point 2 About 6 weeks ago, [redacted] Mail Carrier - Rich- [redacted], Utah noted a [redacted] moving in the atmosphere. It was cylindrical, executing right-angle turns. No sign of engine or sound. No vapor trail. Seen toward the sun, it was dark or black. Two women observed with [redacted] was Air Force, [redacted] as Two. - I date from first Army Air Service, [redacted] (unlisted man - serial [redacted])

"The Intermountain Empire is Scenic Area [redacted]"

[REDACTED] 1959

cc. To: [REDACTED] Dayton

Sir:

Thank you for your 5 JAN 1959 letter which was received, 8.
No file or reference numbers indicated on your letter.

It was not practical to consult Mr. Allen during January on
one open night per week. On 6 days per week the year round, he
travels on his contracted 16 mile air route. Then, on 4 FEB
I flew by private plane to El Paso, and on to McAllen, Texas, 5th.
Weather fronts delayed our return 4 days. Returned home FEB 14-15.

Finally, this night [REDACTED] and I had
the fun of answering the 12 plus questions on AFIC FORM 16. 16h.
[REDACTED] all questions were replied to quite fully by Mr. [REDACTED].
I read the question aloud, and filled in the form in my pencil
printing.

Mr. [REDACTED] 30, felt that the many replies throughout the ques-
tionnaire fully covered all points, - therefore did not fill in
the SUMMARY PART in his own hand.

Providing further information is requested, Mr. [REDACTED] will
gladly help. He served with the USAF in 42 in Nevada and Ia.

If eyesight was accurate in this observation, and a very high
velocity object was executing true right-angle turns, - it is ex-
ceptionally interesting to an old timer like me who served with
our First Army Air Service in France in 1918-19.

Now, if YouTops have developed a Postomare that is capable
of the above manouvers, - you owe it to yourselves to let the
[REDACTED] in on it so they can clear themselves out in efforts to
duplicate.

There is one passé item that I would much appreciate having
checked upon in old records. As FAR AS I know, I installed the
first aerial that carried the first man's voice from plane to
ground. A lone job in 1919 - at Orly Field - under its first
name: - American Aviation Acceptance Park No. 1. I was a private
in [REDACTED] Air Service, First Army. (1919?)

"The Intermountain Empire is Scenic America" [REDACTED]

U. S. AIR FORCE TECHNICAL INFORMATION SHEET

This questionnaire has been prepared so that you can give the U. S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes, and will be regarded as confidential material. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that, if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

15 17 Nov. 1959
Day Month Year

2. Time of day:

12

15

Hour

Minutes

(Circle One):

A.M.

or

P.M.

3. Time zone:

(Circle One):

a. Eastern

b. Central

c. Mountain

d. Pacific

e. Other _____

(Circle One):

a. Daylight Saving

b. Standard

4. Where were you when you saw the object?

8,000' Summit - NE Rock
Nearest Postal Address

Loa
City or Town

Utah
State or Country

Additional remarks: _____

5. Estimate how long you saw the object.

Hours

Minutes

Seconds

5.1 Circle one of the following to indicate how certain you are of your answer to Question 5.

a. Certain

b. Fairly certain

c. Not very sure

d. Just a guess

6. What was the condition of the sky?

(Circle One):

a. Bright daylight

b. Dull daylight

c. Bright twilight

d. Just a trace of daylight

e. No trace of daylight

f. Don't remember

7. IF you saw the object during DAYLIGHT, TWILIGHT, or DAWN, where was the SUN located as you looked at the object?

(Circle One):

a. In front of you

b. In back of you

c. To your right

d. To your left

e. Overhead

f. Don't remember

8. IF you saw the object, at NIGHT, TWILIGHT, or DAWN, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- c. No moonlight — pitch dark
- d. Don't remember

9. Was the object brighter than the background of the sky?

(Circle One):

a. Yes

b. No

c. Don't remember

10. IF it was BRIGHTER THAN the sky background, was the brightness like that of an automobile headlight?:

(Circle One) a. A mile or more away (a distant car)?

b. Several blocks away?

c. A block away?

d. Several yards away?

e. Other

11. Did the object:

(Circle One for each question)

- | | | | |
|---|-----|----|------------|
| a. Appear to stand still at any time? | Yes | No | Don't Know |
| b. Suddenly speed up and rush away at any time? | Yes | No | Don't Know |
| c. Break up into parts or explode? | Yes | No | Don't Know |
| d. Give off smoke? | Yes | No | Don't Know |
| e. Change brightness? | Yes | No | Don't Know |
| f. Change shape? | Yes | No | Don't Know |
| g. Flicker, throb, or pulsate? | Yes | No | Don't Know |

12. Did the object move behind something at anytime, particularly a cloud?

(Circle One):

Yes

No

Don't Know.

IF you answered YES, then tell what

it moved behind: _____

13. Did the object move in front of something at anytime, particularly a cloud?

(Circle One):

Yes

No

Don't Know.

IF you answered YES, then tell what

it moved in front of: _____

14. Did the object appear: (Circle One):

a. Solid?

b. Transparent?

c. Don't Know.

15. Did you observe the object through any of the following?

- | | | | | | |
|-----------------|-----|----|---------------|-------|----|
| a. Eyeglasses | Yes | No | e. Binoculars | Yes | No |
| b. Sun glasses | Yes | No | f. Telescope | Yes | No |
| c. Windshield | Yes | No | g. Theodolite | Yes | No |
| d. Window glass | Yes | No | h. Other | _____ | |

16. Tell in a few words the following things about the object.

- a. Sound None
- b. Color Dark no sign of light

17. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

Can trail very far behind

18. The edges of the object were:

- (Circle One):
- a. Fuzzy or blurred
 - b. Like a bright star
 - c. Sharply outlined
 - d. Don't remember

e. Other _____

19. IF there was MORE THAN ONE object, then how many were there? Only One
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

20. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

21. IF POSSIBLE, try to guess or estimate what the real size of the object was in its longest dimension.
30 to 40 feet.

22. How large did the object or objects appear as compared with one of the following objects held in the hand and at about arm's length?

(Circle One):

- a. Head of a pin
- b. Pea
- c. Dime
- d. Nickel
- e. Quarter
- f. Half dollar

- g. Silver dollar
- h. Baseball
- i. Grapefruit
- j. Basketball
- k. Other Pencil, Unsharpened

- 22.1 (Circle One of the following to indicate how certain you are of your answer to Question 22.

- a. Certain
- b. Fairly certain

- c. Not very sure
- d. Uncertain

23. How did the object or objects disappear from view?

Moved out of sight Southwestward from viewer.

24. In order that you can give as clear a picture as possible of what you saw, we would like for you to imagine that you could construct the object that you saw. Of what type material would you make it? How large would it be, and what shape would it have? Describe in your own words a common object or objects which when placed up in the sky would give the same appearance as the object which you saw.

Of metal pipe - Dull Gray

30 to 40 feet long - 4' or 5' Dia.

Cylindrical

A large fuselage section pipe

25. Where were you located when you saw the object?
(Circle One):

- a. Inside a building
- ☒ b. In a car
- c. Outdoors
- d. In an airplane
- e. At sea
- f. Other _____

26. Were you (Circle One)

- a. In the business section of a city?
- b. In the residential section of a city?
- ☒ c. In open countryside?
- d. Flying near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other _____

27. What were you doing at the time you saw the object, and how did you happen to notice it?

Driving U.S. Mail truck
First noted some trails - then saw the object.

28. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

28.1 What direction were you moving? (Circle One)

- a. North
- b. Northeast
- c. East
- d. Southeast
- e. South
- f. Southwest
- ☒ g. West
- h. Northwest

28.2 How fast were you moving? 45 miles per hour.

28.3 Did you stop at any time while you were looking at the object?

(Circle One) ☒ Yes No

29. What direction were you looking when you first saw the object? (Circle One)

- a. North
- b. Northeast
- c. East
- d. Southeast
- e. South
- ☒ f. Southwest
- g. West
- h. Northwest

30. What direction were you looking when you last saw the object? (Circle One)

- a. North
- b. Northeast
- c. East
- d. Southeast
- e. South
- ☒ f. Southwest
- g. West
- h. Northwest

31. If you are familiar with bearing terms (angular direction), try to estimate the number of degrees the object was from true North and also the number of degrees it was upward from the horizon (elevation).

31.1 When it first appeared:

- a. From true North 135 degrees.
- b. From horizon 20-25 degrees.

31.2 When it disappeared:

- a. From true North 135 degrees.
- b. From horizon 20-25 degrees.

32. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it.

33. In the following larger sketch place an "A" at the position the object was when you *first* saw it, and a "B" at its position when you *last* saw it. Refer to smaller sketch as an example of how to complete the larger sketch.

15 viewer is standing

34. What were the weather conditions at the time you saw the object?

34.1 CLOUDS (Circle One)

- a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds
- e. Don't remember

34.2 WIND (Circle One)

- a. No wind
- b. Slight breeze
- c. Strong wind
- d. Don't remember

34.3 WEATHER (Circle One)

- a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

34.4 TEMPERATURE (Circle One)

- a. Cold
- b. Cool
- c. Warm
- d. Hot
- e. Don't remember

35. When did you report to some official that you had seen the object?

15 to 17 Nov 1959
Day Month Year

Conversation with

36. Was anyone else with you at the time you saw the object?

(Circle One) Yes No

36.1 IF you answered YES, did they see the object too?

(Circle One) Yes No

36.2 Please list their names and addresses:

Two women - whose names are unknown to me - who live in the area of my 160 mile rail route. They stopped their car, got out of it, and also watched the object.

37. Was this the first time that you had seen an object or objects like this?

(Circle One) Yes No

37.1 IF you answered NO, then when, where, and under what circumstances did you see other ones?

38. In your opinion what do you think the object was and what might have caused it?

One of our experiments but I don't know. It's a jet. Faster than any jet I've ever seen. It was a jet. I've seen it before. I have still got it in my mind.

39. Do you think you can estimate the speed of the object?

(Circle One) Yes ☐ No ☒

IF you answered YES, then what speed would you estimate?

In excess of 600 m.p.h.

40. Do you think you can estimate how far away from you the object was?

(Circle One) Yes ☒ No ☐

IF you answered YES, then how far away would you say it was?

At least 1000 feet.

41. Please give the following information about yourself:

NAME

Last Name

First Name

Middle Name

ADDRESS

Street

City

Zone

State

TELEPHONE NUMBER

What is your present job?

Age 38

Sex Male

Please indicate any special educational training that you have had.

a. Grade school Yes

b. High school Yes

c. College

d. Post graduate

e. e. Technical school

(Type)

f. Other special training

A reprint of our ad as in
THE DESERT MAGAZINE
for DEC 1958
and JAN 1959

RAREST INVITATION YOU MAY RECEIVE

... to see and photograph beautiful, gentle and gorgeous Glen Canyon of the Colorado River.

MAY AND JUNE, 1959

- This opportunity will never come again. Why? Because during the winter of 1958-59 the U.S. Bureau of Reclamation will close normal river flow with a cofferdam at Glen Canyon damsite. This will begin the forming of Glen Canyon Lake and back the waters above the mouth of the San Juan River, making a lake more than 50 miles in length. That portion of Glen Canyon will forever be buried beneath water and dead silt.
- Come and see the final 100 miles of Gentle Glen Canyon in 1959. We offer the lowest boat fares in our 21 years of guiding on Western Rivers.
- To all of you who pay your full fare before December 31, 1958, the full fare will be \$50.00. The same short-trip fares after January 1 will be \$60.00.
- For 20 years we have offered river trips on Western Rivers in U. S., Canada and Alaska—"down north" to the Arctic. Our small craft have traveled to within 1400 miles of the North Pole.
- To all of you who identify within one-half topographic mile, the camera spot of the above photo we will give a \$5 credit on any boating fare. For particulars, write or wire:

WESTERN RIVER TOURS
Richfield, Utah

RARE INVITATION

Come see and photograph beautiful, gentle and colorful GLEN CANYON of the River Colorado.

MAY AND JUNE, 1959

NINE week-end river trips . . .
2-day or 3-day boating runs . . .
Launchings at HITE, Utah . . .
Landings at Crossing of the Fathers, on the very trail where on Nov. 7, 1776, Padres Dominguez and Escalante and party crossed.

On the 3-day boat runs you may hike to RAINBOW BRIDGE.

Drive your car, fly your own or chartered plane to launching.

Our cars bring you to see: GLEN CANYON DAM under construction; to new city of PAGE, Arizona; and to KANAB, Utah, and Trailways depot.

For those who fly, you may return to your car in one hour.

2-day fares are—\$60.00

3-day fares are—\$85.00

Identify the camera location of above photo and receive \$5 credit on any boating fare.

For the person who becomes our 1000th boating guest, the full fare will be refunded at landing.

Come join us in our 21st year.

WESTERN RIVER TOURS

Richfield, Utah

Someday - if you would like a JEEP TRIP
write my old friends, Kent and Fern

KENT FROST JEEP TRIPS

SCHEDULE --- 1959

May 11-15. Famous Utah Needles.

May 26-June 4. (10 days) Needles Trip: Hole-in-the-Rock-Trail, Shoot the Shoot, Mormon Well, Gray Mesa, Rincon, Green Water Spring, Clay Hills, Natural Bridges Monument, Elk Mts., Bears Ears, Beef Basin, Indian Ruins, Needles, Junction of Colorado and Green Rivers, Angel Arch, Castle Arch, Pictographs, and other points of interest that the allotted time and weather will permit.

June 8-17. (10 days) Needles Trip: Elk Mts., Beef Basin, Indian Ruins, Chesler Park, Junction of Green and Colorado Rivers, Salt Creek, Angel Arch, Castle Arch, Arches National Monument, Dead Horse Point State Park, Monument Canyon, Upheaval Dome, and back to Monticello at point of Beginning.

June 22-July 1. (10 days) Needles Trip: Hole-in-the-Rock-Trail, Shoot the Shoot, Mormon Well, Gray Mesa, Rincon, Green Water Spring, Clay Hills, Natural Bridges Monument, Elk Mts., Bears Ears, Beef Basin, Indian Ruins, Needles, Junction of Colorado and Green Rivers, Angel Arch, Castle Arch, Pictographs, and other points of interest that the allotted time and weather will permit.

July 27-Aug. 5. (10 days) Needles Trip: Elk Mts., Beef Basin, Indian Ruins, Chesler Park, Junction of Green and Colorado Rivers, Salt Creek, Angel Arch, Castle Arch, Arches National Monument, Dead Horse Point State Park, Monument Canyon, Upheaval Dome, and back to Monticello.

Aug. 17-26. (10 days) Needles Trip: Hole-in-the-Rock-Trail, Shoot the Shoot, Mormon Well, Gray Mesa, Rincon, Green Water Spring, Clay Hills, Natural Bridges Monument, Elk Mts., Bears Ears, Beef Basin, Indian Ruins, Needles, Junction of Colorado and Green Rivers, Angel Arch, Castle Arch, Pictographs, and other points of interest that the allotted time and weather will permit.

Sept. 14-23. (10 days) Standing Rocks, Horse Shoe Canyon, Cleopatras Chair, Goblin Valley and other points of interest that time will permit.

Sept. 28-Oct. 7. (10 days) Needles Trip: Elk Mts., Beef Basin, Indian Ruins, Chesler Park, Junction of Green and Colorado Rivers, Salt Creek, Angel Arch, Castle Arch, Arches National Monument, Dead Horse Point State Park, Monument Canyon, Upheaval Dome, and back to Monticello.

Our headquarters are at Monticello, Utah, the hub of the most scenic area in southeastern Utah and the Four Corners area.

In connection with these points of interest we visit many more areas, side canyons and ancient Indian Ruins as out time and local conditions will permit.

For superb scenery and complete relaxation plus delicious meals prepared over an open camp fire and sleeping out in the fresh air between clean sheets and blankets in warm sleeping bags with air mattresses, is a thrill never to be forgotten.

THE NEEDLES was named for the thousands of red and white sandstone spirals standing in this canyon country near the junction of the Green and Colorado Rivers. This area is famous for its photographic scenery and near by are hundreds of canyons with cliff dwellings, pictographs, and the beautiful Angel Arch, Castle Arch and many other arches.

THE STANDING ROCKS is a wild and remote country bordering along the North Rim of Cataract Canyon. In places a person can look into the river canyon and see the muddy Colorado 2000 feet below. There are spirals, arches, unexplored side canyons and many other interesting sights in this wild land of the historic Robbers Roost country.

SOUTHEASTERN UTAH is the land of blue sky and white clouds. Often a person can see to the distant mountains 100 or more miles away.

For further information and reservations write

KENT FROST—Monticello, Utah
Telephone JUniper 7-2787

Rates \$25.00 daily per person which includes transportation, food, sleeping bags with air mattresses, and guide service.

\$25.00 Deposit Required

By special arrangement charter trips can be made.

Boating Under Arctic Skies

AN INVITATION

To become a member of

Arctic Expedition 1956

July 15 — August

Rendezvous: HAY RIVER, Northwest Territories, Canada. Drive your car to boat-launching point, HAY RIVER. Fly your private plane to HAY RIVER. Fly in via Canada Pacific Airlines.

Travel via our Colorado River boats, 1,025 miles on the great MACKENZIE RIVER from Great Slave Lake to AKLAVIK, 310 miles across the ARCTIC CIRCLE.

Boat Fare is \$850

Party limited to 18 persons

While in the Arctic, you may join our first DUDE FLIGHT to the NORTH POLE. And, share on charter flights over the ARCTIC OCEAN; in the Land of the Midnight Sun.

(In the seasons of 1954 and 1955 we guided our guests over 2,500 miles on Canadian Waters, on the PEACE; SLAVE; MACKENZIE and YUKON RIVERS. 1956 will be our 18th year on Western Rivers.)

Write, wire, phone: Richfield 22

Richfield, Utah, U.S.A.

1958 -- Same plan scheduled for 1959.

Boating Under Arctic Skies

AN INVITATION

To become a member of

ARCTIC EXPEDITION 1958

July 15 — August 31

From the bottom of the Grand Canyon in Arizona comes an invitation to you to join a boating party to the top of the world in 1958.

Travel via our Colorado River boats 1,025 miles on the magnificent MACKENZIE RIVER from GREAT SLAVE LAKE to AKLAVIK near the ARCTIC OCEAN.

Rendezvous point is HAY RIVER, Northwest Territories, Canada. You may drive your private car, fly your own plane, or go in via Canadian Pacific Airlines to HAY RIVER town on Great Slave Lake.

Boat Fare is \$950

Includes all costs excepting a few personals. \$19.80 per day.

You will travel 310 river miles after crossing the ARCTIC CIRCLE. You may visit NEW AKLAVIK.

While in the ARCTIC you may still join our FIRST DUDE FLIGHT to the NORTH POLE, and/or share charter flights over the ARCTIC OCEAN and to Alaska.

Come visit the Land of Arctic Light. 1958, our 20th year on Western Rivers.

RICHFIELD, UTAH, U.S.A.

River Tours

Water stage run-off determines the dates for the Spring, early Summer river runs down the San Juan River. These dates, for nine-day trips are set for, Bluff, Utah, to Lees Ferry, Arizona:

May 1 to 9
May 12 to 20
May 23 to 31
San Juan

June 3 to 12
June 15 to 23

\$125.00 for nine days

Glen Canyon—Hite, Utah, to Lees Ferry, Arizona:

July 3 to 14
July 17 to 23
Aug. 3 to 14

Aug. 17 to 23
Sept. 3 to 14
Sept. 17 to 23

Party of 19 or less . . . \$175.00 for 10, 11 or 12 days
Party of 20 or more . . . \$150.00 for 10, 11 or 12 days

(The above fares are for Glen Canyon)

The July, August and September dates are for 12-day periods. All these boat runs for the Glen Canyon section of the Colorado River start above HITE, Utah, and extend nearly 170 miles to LEES FERRY, Arizona. In this section there are 22 minor rapids, or big riffles, with little or no danger.

For the first night's stop we plan to take passengers to Capitol Reef Lodge, due to open May 1, 1949. It is located in the heart of Capitol Reef National Monument, deep in a valley of colorful Navajo and Wingate sandstone; the Chinle shales; and the Moenkope Red Beds.

At the mouth of Padre Creek in Utah, we have the Crossing of the Fathers, where on Nov. 7, 1776, Padres Dominguez and Escalante and party crossed the Colorado. Even in the East, you do not have too many points of older history.

Of course, the 5½ mile hike to RAINBOW BRIDGE one day, and return to the river the following day, is the highlight of the Glen Canyon and San Juan River trips. Those who do not care to make the 11-mile plus hike will be made comfortable in camp, near fresh water swimming pools, or can spend the night at Echo Camp near the Rainbow Bridge.

For nearly 250 miles of overland travel, preceding the river trip (Glen Canyon), we will contract with a chartered bus line, using station wagons and sedans.

For river travel we will use the World War II neoprene, 10-man, 8-air chamber rafts. Those were the type you saw in motion pictures of our June 1948 San Juan River run, at Smithsonian in Sept.

Up to 100 different foods will be carried. Special diets will be cared for if we are notified in advance.

Passengers are to supply their own sleeping bags. We suggest that passengers bring one pair of high tennis shoes of the "Keds" type, Levis, socks, shirts, one warm jacket, sun helmet and light rain coat. Personal baggage will be limited to 25 pounds exclusive of bed roll and camera.

There will be eight 10-man passenger boats available, allowing 4 persons and our boatman to each boat. Army Air Corps surplus life preservers supplied for all. There will be waterproof special purpose rubber bags for protection of most valuable personal equipment.

The following may be added to PROPOSED ITINERARY for Glen Canyon trips: Those who drive to join river party may leave car, travel clothes, etc., with Mr. and Mrs. Art Green at Marble Canyon Lodge, Arizona (Via Cameron). Come to Richfield, Utah, in outing clothes, via Santa Fe Trailways. Car will be awaiting you at end of river journey.

For the San Juan River run, the meeting place will be Bluff, Utah, or Mexican Hat, Utah. If desired by car owners, their cars will be driven to Marble Canyon Lodge by dependable desert drivers.

\$25 deposit when passage is booked. Balance on day of sailing. Deposit refunded if passage is cancelled 30 days before sailing.

Please do not hesitate to ask for additional information.

929

CONTACT

Contact with you men and women has come about through many sources. One hundred twenty-seven of you may recall the 1945 "TO YIPPIE" invitation to see colored motion pictures in Los Angeles, given by COLORADO UP RIVER EXPEDITION. That invitation was printed in war days, on galley proof sheets.

With the exception of approximately 600 of you men and women listed in this booklet, we have, for 15 years, enjoyed "Grand Vacation Experiences" with you. During the years we have learned that you, all of you, "Are the Grandest People on Earth."

You have known our little "get-out-of-work outfit" by 3 names—COLORADO UP RIVER EXPEDITION; LARABEE AND ALESSANDRO; and as CANYON SURVEYS. We originated respectively in the years 1939, 1948 and 1952. All of us exist, and are constantly searching for ways "to get out of work."

To all of you who know our "quaint fancy," you will understand the whole of publishing a list of logs; diaries; journals; "certain writings" of motion pictures, etc.

To all of you "asterisked" people, this sign (*) indicates that you appeared in our 16 mm. Kodachromes somewhere from 1941 to 1954. We thank you for your physiognomy.

To those of you who are indicated with three stars (***), our battle over The Four Horsemen, and have gallantly crossed the River Styx.

We salute you all.

WHAT CONTACT?

In the swashbuckling days of 1918
In the days of World War One in France
When men were "aviators"—always
"Flew by the seat of their pants"

Two pet words in that day
were—"CONTACT," "COUPE."

The modern fly-boys are more
business and shekel-minded;
Their helmeted brow never stream-
ered a mademoiselle's silk hose!

They concentrate more on E.T.A.
and delicately balanced wind sock;
Prosaically they say,
"Switch On—Switch Off."

The early birds were pioneers all,
The modern boys, although jet headed,
May yet know, electronic control.

So to you, fast flyers
and slow boaters;
And intermediate hikers;
To ALL of you dear souls;
Whether we have flown—
High in the air;
Whether we have flown—
Low in the water;
Trudged deep in the desert sands;
My appreciation,
And heartfelt thanks;
For having made CONTACT—
Along life's way;
I love you,
Beyond the day of COUPE!

CONTACT
