1. DATE 11 Oct 59		2. LOCATION Eastbourne, England		12. CONCLUSIONS ☐ Was Balloon ☐ Probably Balloon ☐ Possibly Balloon ☐ Was Aircraft ☐ Probably Aircraft ☐ Possibly Aircraft ☐ Was Astronomical ☐ Probably Astronomical ☐ Possibly Astronomical ☐ Other ☒ Insufficient Data for Evaluation ☐ Unknown	
3. DATE-TIME GROUP Local 1745 GMT 11/1745Z		4. TYPE OF OBSERVATION ☒ Ground-Visual ☐ Ground-Radar ☐ Air-Visual ☐ Air-Intercept Radar			
5. PHOTOS ☐ Yes ☒ No		6. SOURCE Civilian			
7. LENGTH OF OBSERVATION 30 Secs		8. NUMBER OF OBJECTS one		9. COURSE West	
10. BRIEF SUMMARY OF SIGHTING Obj rnd in shape when first seen, changed to shape of kite as it moved to West, size of dime, aluminum color, speed estimated to be between 2000 and 5000 MPH, alt of 20-40 miles. Disappeared into the sunset.				11. COMMENTS Due to lateness of rpt, and location of the sighting, it is impractic to investigate this sighting further. Lack of necessary data precludes a valid conclusion.	

This CASE Includes

ONE (1) 4" x 5" photo.

APPENDIX III

Form A

U.S. AIR FORCE TECHNICAL INFORMATION SHEET	
This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes, and will be regarded as confidential material. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that, if it is deemed necessary, we may contact you for further details.	
1. When did you see the object? <u>11</u> <u>10</u> <u>59</u> Day Month Year	2. Time of day: <u>5</u> <u>45</u> Hour Minutes (Circle One): A.M. or <u>P.M.</u>
3. Time zones (Circle One): a. Eastern b. Central c. Mountain d. Pacific e. Other (Circle One): a. Daylight Saving b. Standard	
4. Where were you when you saw the object? <u>HILLS, ENGLAND</u> <u>EASTROCKE SUSSEX.</u> Nearest Postal Address City or Town State or Country Additional remarks: <u>BEACHY HEDD SOUTH DOWNS</u> <u>EASTROCKE</u>	
5. Estimate how long you saw the object. <u>-</u> <u>-</u> <u>30</u> Hours Minutes Seconds 5.1 Circle one of the following to indicate how certain you are of your answer to Question 5. a. <u>Certain</u> b. Fairly certain c. Not very sure d. Just a guess	
6. What was the condition of the sky? (Circle One): a. Bright daylight b. Dull daylight c. <u>Bright twilight</u> d. Just a trace of daylight e. No trace of daylight f. Don't remember	
7. IF you saw the object during DAYLIGHT, TWILIGHT, or DAWN, where was the SUN located as you looked at the object? (Circle One): a. <u>In front of you</u> b. In back of you c. To your right d. To your left e. Overhead f. Don't remember	

8. IF you saw the object at NIGHT, TWILIGHT, or DAWN, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):
 a. None
 b. A few
 c. Many
 d. Don't remember

8.2 MOON (Circle One):
 a. Bright moonlight
 b. Dull moonlight
 c. No moonlight - pitch dark
 d. Don't remember

9. Was the object brighter than the background of the sky?
 (Circle One): a. Yes b. No c. Don't remember

10. IF it was BRIGHTER THAN the sky background, was the brightness like that of an automobile headlight?
 (Circle One): a. A mile or more away (a distant car)
 b. Several blocks away?
 c. A block away?
 d. Several yards away?
 e. Other _____

11. Did the object:
 a. Appear to stand still at any time?
 b. Suddenly speed up and rush away at any time?
 c. Break up into parts or explode?
 d. Give off smoke?
 e. Change brightness?
 f. Change shape?
 g. Flicker, throb, or pulsate?

(Circle One for each question)

Yes	No	Don't know
Yes	No	Don't know
Yes	No	Don't know
Yes	No	Don't know
Yes	No	Don't know
<u>Yes</u>	No	Don't know
Yes	No	Don't know

12. Did the object move behind something at any time, particularly a cloud?
 (Circle One): Yes No Don't know. IF you answered YES, then tell what it moved behind: _____

13. Did the object move in front of something at any time, particularly a cloud?
 (Circle One): Yes No Don't know. IF you answered YES, then tell what it moved in front of: _____

14. Did the object appear: (Circle One): a. Solid? b. Transparent? c. Don't know

15. Did you observe the object through any of the following?

a. Eyeglasses	Yes	<u>No</u>	e. Binoculars	Yes	No
b. Sun glasses	Yes	<u>No</u>	f. Telescope	Yes	No
c. Windshield	Yes	<u>No</u>	g. Theodolite	Yes	No
d. Window glass	Yes	<u>No</u>	h. Other		

Page 3

16. Tell in a few words the following things about the object.

a. Sound ALICEb. Color Aluminum

17. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapour trails. Place an arrow beside the drawing to show the direction the object was moving.

Direction of flight: East to West
 E to W
 →

○ shape of UFO.
 directly overhead.

○ shape of UFO at distance, heading West.

Setting Sun West.

18. The edges of the object were:

(Circle One): a. Fuzzy or blurred

b. Like a bright star

☒ c. Sharply outlined

d. Don't remember

e. Other _____

19. IF there was MORE THAN ONE object, then how many were there?

Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

20. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

21. IF POSSIBLE, try to guess or estimate what the real size of the object was in its longest dimension. 20 ft long feet

22. How large did the object or objects appear as compared with one of the following objects held in the hand and at about arm's length?

(Circle One):

Sixpence

- a. Head of a pin
b. Pea
c. Dime
d. Nickel
e. Quarter
f. Half-dollar

- g. Silver dollar
h. Baseball
i. Grapefruit
j. Basketball
k. Other _____

- 22.1 Circle One of the following to indicate how certain you are of your answer to Question 22.

- a. Certain
b. Fairly certain

- c. Not very sure
d. Uncertain

23. How did the object or objects disappear from view? 450 ft
in the direction of the sun
Disappeared in smoke

24. In order that you can give as clear a picture as possible of what you saw, we would like for you to imagine that you could construct the object that you saw. Of what type material would you make it? How large would it be, and what shape would it have? Describe in your own words a common object or objects which when placed up in the sky would give the same appearance as the object which you saw.

a sphere of glass, or aluminum
or other bright metals. 19-20 ft in dia.
round in shape. KITE

Page 3

25. Where were you located when you saw the object? (Circle One):

- a. Inside a building
- b. In a car
- c. Outdoors
- d. In an airplane
- e. At sea
- f. Other on top of hill

26. Were you (Circle One)

- a. In the business section of a city?
- b. In the residential section of a city?
- c. In open countryside?
- d. Flying near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other _____

27. What were you doing at the time you saw the object, and how did you happen to notice it?

I was sitting on the top of the hill watching the sun set. When I saw the object I was looking down the road.

28. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

28.1 What direction were you moving? (Circle One)

- a. North
- b. Northeast
- c. East
- d. Southeast
- e. South
- f. Southwest
- g. West
- h. Northwest

28.2 How fast were you moving? _____ miles per hour

28.3 Did you stop at any time while you were looking at the object? (Circle One)

Yes _____ No _____

29. What direction were you looking when you first saw the object? (Circle One)

- a. North
- b. Northeast
- c. East
- d. Southeast
- e. South
- f. Southwest
- g. West
- h. Northwest

30. What direction were you looking when you last saw the object? (Circle One)

- a. North
- b. Northeast
- c. East
- d. Southeast
- e. South
- f. Southwest
- g. West
- h. Northwest

31. If you are familiar with bearing terms (angular direction), try to estimate the number of degrees the object was from true North and also the number of degrees it was upward from the horizon (elevation).

31.1 When it first appeared:

- a. From true North _____ degrees
- b. From horizon 90 degrees

31.2 When it disappeared:

- a. From true North _____ degrees
- b. From horizon 90 degrees

22. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it.

23. In the following larger sketch place an "A" at the position the object was when you first saw it, and a "B" at its position when you last saw it. Refer to smaller sketch as an example of how to complete the larger sketch.

Page 8

39. Do you think you can estimate the speed of the object?
(Circle One) ☒ Yes ☐ No between 2-5,000
If you answered YES, then what speed would you estimate? 5,000 m.p.h.

40. Do you think you can estimate how far away from you the object was? miles
(Circle One) ☒ Yes ☐ No 20-40 high
If you answered YES, then how far away would you say it was? 20-40

41. Please give the following information about yourself:

NAME [redacted] Last Name [redacted] First Name [redacted] Middle Name [redacted]
ADDRESS [redacted] Street [redacted] City [redacted] Zone [redacted] State [redacted]
TELEPHONE NUMBER [redacted]
What is your present job? Motor Engineer
Age 25 Sex M
Please indicate any special educational training that you have had.
a. Grade school _____ e. Technical school _____
b. High school _____ (Type) _____
c. College _____ f. Other special training _____
d. Post graduate _____ Motor Engineering

42. Date you completed this questionnaire: 25 Oct 1954
Day Month Year

Page 7

34. What were the weather conditions at the time you saw the object?

34.1 CLOUDS (Circle One)	34.2 WIND (Circle One)
a. ☒ Clear sky	a. No wind
b. Hazy	b. ☒ Slight breeze
c. Scattered clouds	c. Strong wind
d. Thick or heavy clouds	d. Don't remember
e. Don't remember	

34.3 WEATHER (Circle One)	34.4 TEMPERATURE (Circle One)
a. ☒ Dry	a. Cold
b. Fog, mist, or light rain	b. Cool
c. Moderate or heavy rain	c. ☒ Warm
d. Snow	d. Hot
e. Don't remember	e. Don't remember

35. When did you report to some official that you had seen the object?

Day None Month None Year None

36. Was anyone else with you at the time you saw the object?
(Circle One) ☒ Yes ☐ No

36.1 IF you answered YES, did they see the object too?
(Circle One) Yes ☒ No

36.2 Please list their names and addresses:

No. 101
East 10th
Hyde Park, Kansas

37. Was this the first time that you had seen an object or objects like this?
(Circle One) Yes ☒ No

37.1 IF you answered NO, then when, where, and under what circumstances did you see other ones?

Two weeks before under same
circumstances but it's 2 days later
E-W the sky a little
lighter.

38. In your opinion what do you think the object was and what might have caused it?

may be
satellite in orbit.

San Diego, California
September 10, 1959

I [redacted], saw a Flying saucer in the sky on Sept 10+11, 1959 at the time of 2:00 A.M. It turns all the color in the world and it is came to Earth, I believe they or people who or whom live in the another world they are like you and me. The Flying saucer it have a oval top & the round bottom the base of it is oval the top of it is a red & yellow. It is sending a message to another ship in the area, I believe because I saw electric waves from the top of the pole which was on the ship. The Flying saucer in the sky & it also level & have a pole on the top of it. The pole is green & tall on the top of the pole.

October 12, 1959

A flying saucer on October 12, 1959 in Elko Nevada the time is 3:30 A.M. from a window of my big brother [redacted] home on 91 Walnuts Street.

October 10+11, 1959

another Flying saucer in the sky on October 1, 59' on the time is 2:00 A.M. it turn all the color in the Heav. & it is came down & I saw it have a oval top & the round bottom, the base of it is organ the top of it is red & yellow the ship have a pole which is black on the top of it. I believe it is real ship from another world.

March 23, 1960

[redacted] at the time of 10:30 p.m. saw two more Flying saucer over San Diego, California. Ok!

~~████████████████████~~
~~████████████████████~~
San Diego 2, California

Dear ~~████████████████~~

It was nice to hear from you again. Naturally the Air Force is particularly interested in identifying any flying objects that appear in the air space over the United States or its possessions. I was interested in your description of these objects (whatever they may be) as observed by you on several occasions. Unfortunately, the detail in the photograph is so small that we may experience some difficulty in obtaining further information on the object. However, I wish to assure you that your photograph and report have been forwarded to the Commander, Air Technical Intelligence Center, Wright-Patterson Air Force Base, where it will be studied carefully and compared with other reports on unidentified flying objects received by the agency.

Again, let me repeat how pleasant it was to hear from you. Your continued support in matters of interest to the Air Force is deeply appreciated.

Sincerely,

HAROLD W. GRANT
Major General, USAF
Director of Telecommunications

Major General Charles B. Dougher
Commander
Air Technical Intelligence Center
Wright-Patterson Air Force Base, Ohio

Dear General Dougher:

Attached hereto is a photograph purporting to be that of an Unidentifiable Flying Object. Also inclosed is the observer's report. The individual involved is an elderly gentleman who has been active as a civilian air defense observer for some time.

My note thanking [REDACTED] for his photograph and report is also inclosed herewith.

Sincerely,

A handwritten signature in cursive script, reading "Harold W. Grant", is written over the typed name.

2. Cy ltr 29 Sep 60, fr [REDACTED], w/2 photos

1st Ind (AFCIN-4D4a)

15 November 1960

TO: AFCIN-4E2x

1. A positive identification of the objects which appear in these three photo prints is not possible with the limited information furnished.
2. It is suggested that the negatives of these photographs be obtained from the sources if possible, and also that more details concerning the conditions under which the pictures were taken be given. Were pictures taken through a window glass? Inside a building? Were the inside lights on? Were they taken from an automobile?
3. The two photographs dated 26 Sep 60 show three images which cannot be explained from photo analysis. It is stated in the letter dated 29 Sep 60 that the diameter of these objects is about 15 meters and focused on infinity. The objects are out of focus which could mean either that they are very small and close to the camera or moving very rapidly. It is possible that either the negative or original print could be retouched since the intensity of the dark objects is much greater than the other dark areas on these prints.

~~████████████████████~~
~~████████████████████~~
San Diego 2, California

Dear ~~████████████████~~

General Grant received your letter of 28 October upon his return from an extended trip to the Far East. Immediately thereafter it was necessary for him to depart for Great Britain where he is at the present time. Prior to leaving General Grant asked that I reply to your recent note and advise you that his schedule is such that it would be impossible for him to state when he might visit with you in San Diego. Furthermore, since the responsibility for investigating reports of unidentified flying objects is vested in the Air Technical Intelligence Center, he feels that it would be more appropriate to pass your request to the Center for further action. Accordingly, I have this date passed your letter to the Commander of the Center who has already received your original photograph as General Grant indicated in his letter of 19 October to you.

Again, on behalf of General Grant, let me express our appreciation for your continued interest in Air Force matters.

Sincerely,

JOHN E. MORRISON, JR.
