5. PHOTOS ☐ Yes ☒ No		6. SOURCE Civilian			
7. LENGTH OF OBSERVATION 2 minutes		8. NUMBER OF OBJECTS One		9. COURSE S then SE	
10. BRIEF SUMMARY OF SIGHTING Round bright object like a bright star, flew straight south until overhead then turned SE and faded out.				11. COMMENTS It is possible that the object was a balloon released from Madison (north of Monroe) about an hour earlier. The winds would carry the balloon over the observers location at the time of sighting. The object could also have been a slow moving a/c light, however there were no known a/c in the area at the time of the sighting. Therefore it is assumed to be a balloon.
