The analyst called me ~~XXXX~~ and he stated that
 the sweptback wings could be ~~fairly~~ barely seen
 and they appeared to be pale red-blue. The object
 was seen ~~again~~ at 2235, then again at
 2345.

This same sighting was reported at 0010 EDT 15 July 1966 by Mr. Kevin Smith of 604 4th Ave, Dayton, Ohio. Mr. Smith (age 16) said that he and his twin sister had observed this phenomenon at 2350 EDT on 14 July.

A call to Patterson & Perchais revealed that a missile was to be shot at 3:57 in that general direction.

Both parties said that they heard no sound of an aircraft or rockets said he was sure it was a jet aircraft he saw, but Mr. Smith was sure that it was not.

A magnet called Mr. Fields and he stated that the object appeared V-shaped with green light. Height 3 or 4 in number. A green light was at the tip of V, couldn't recall the arrangement of others. At times the ~~V~~ seemed to move sideways, which caused him to report it. He said it was first seen coming from the W to the E and circled. ~~it then changed~~ The angle of the V was the part moving forward.
