36. Was anyone else with you when you saw the object?
Yes No

If you answered yes did they see the object too?
Yes No

37. Was this the first time you saw an object like this?
Yes No

38. My opinion is that it may have been a machine manned or operated by remote control in order to spy or to see the way people lived on this planet. They, who ever they are, can bring back information on what they wanted to find out. I cannot account for the red and green color but it looked to me as if they were some kind of lights.
