RUSHVILLE, NEBRASKA

Transcript of article appearing in the Sheridan County (Nebraska) STAR
12 January 1961. Taken from transcript sent to Civilian UFO Research by
a member living in the area.

The mysterious fascinates us all. And there was a mysterious object
in the heavens over Rushville several nights ago which was seen and
smelled by many responsible people in and near Rushville.

Those who saw it reported it looked like a big round light globe
that was very bright and visible for a time only to disappear and pop
up in some other part of the sky. Some smelled a strong odor of gas,
described by Sheriff Hills as very much like tear gas.

Mrs. [redacted], her son [redacted] and [redacted] were walking toward [redacted]
home. The gas odor was so strong they could only take it for a
few minutes and by the time they got [redacted] the boys eyes were so af-
fected they watered for a couple of hours.

When Mrs. [redacted] went to the phone to report it to Sheriff Hills, she
looked out the window and saw a very brilliant light that seemed to be
floating in the sky over the school house. It was not a flame and did
not drop quickly as a meteor or any falling object might, but just weaved
its way toward town and suddenly disappeared.

Sheriff [redacted] went down town and the gas odor was so strong he at first
thought it was tear gas but when he checked his supply, no gas was missing.

The same night [redacted] and [redacted] driving back from [redacted] saw
the object near what [redacted] thought was the [redacted] pasture. He started in that
direction but before he could get there the light faded, later appearing
to the north of them.

[redacted] and other boys driving towards [redacted] on Highway
20 saw what looked like a bright globe hovering just at the crest of a hill
but as they speeded up to get closer it turned to sort of a rosy glow and
faded out.

Near the Rushville hospital [redacted] and the two [redacted] boys, [redacted]
and [redacted] saw the same or a like object in the sky.

[redacted] told the story to his science teacher [redacted] who, one
time not long ago, had seen a classified report on "flying saucers" and
other unidentified flying objects being seen all over the nation. Some
people and some scientists think that other worlds out there in space may
be inhabited and that it is possible they are trying to contact us just
as we are trying to reach them. Even the Air Force, which investigated all
reports of flying objects (and which sent a major from Rapid City to inter-
view the folks who saw this one) admits that even careful checking fails
to turn up any known explanation for about 5% of these reports even though
95% are explainable.

So, keep your eyes on the heavens, some "little men" from outer space
might just want to drop in for supper some evening.

I would appreciate comment on this incident.

Dear [REDACTED]

I have your letters of 26 May and 1 June in hand.

Regarding the Trinidad Island sighting, we know of no photographs being sent to the Brazilian Navy for comparison purposes. However, if you will look closely at the photographs (from your letter I assume you have seen them) you will note that shadows on the ground are the reverse of those on the object. We can only conclude that the photograph was a double exposure.

[We have no knowledge of the Rushville, Nebraska, sighting. Perhaps you could furnish more detail. As you know, lightning and fireballs leave a pungent odor (ozone).

Regarding the cited publications in your letter of June 1st, I must point out to you that the Air Force cannot prevent civilians from doing what they will. We must warn them should their acts or intentions involve the Espionage Laws and should they not heed this warning, then we immediately notify the Federal Bureau of Investigation which does have jurisdiction. Whenever a report involves vital intelligence and the civilian concerned is aware that it is vital intelligence, then he is subject to the applicable laws so passed by the Congress of the United States; however, I must emphasize that the Air Force or any defense department is not the enforcing agency. Other federal agencies so constituted would be the body concerned with the prevention of compromise of the security information.

I trust this information explains the questions brought forth in your letters.

Sincerely,

WILLIAM T. COLEMAN

Dear Sir:

You are probably aware that, during late 1957 and early 1958, Brazilian Navy personnel observed a number of unidentified flying objects at and near the Island of Trindade, in the Atlantic. One of the people involved in the case has been quoted as saying that U.S. officials sent photographs to Brazilian officials for comparison with photos taken on 16 January 1958 at Trindade.

Since the U.S. Air Force, by virtue of AFR 200-2, has control of UFO research in this country, and therefore would have been the American agency involved, I would like to have this statement confirmed or denied.

In another case, several people in and around Rushville, Nebr., reported seeing a luminous globe early in January, 1961, that emitted a pungent odor. An Air Force major from Rapid City, S.D. (probably Ellsworth AFB), investigated the sighting.

I would like to know the results of his and any other investigations of this particular sighting.

Your immediate attention to this matter would be greatly appreciated.

Sincerely;

Civilian UFO Research

Gentlemen:

In March, 1960, I wrote to you asking for a "reading" on certain phases of the CIRVIS system, as outlined in JANAP-146; particularly in regards to charges that the Air Force can prevent civilian pilots from discussing CIRVIS reports with others.

In his reply of 18 Mar 61, Lt. Col. (then Major) Tacker said that the answer was a "definite 'no'."

May I point out that Section III, para. 210, of JANAP 146(c) states that "all persons aware of the contents or existence of a CIRVIS report" are governed by the Communications Act of 1934 and Espionage Laws. And that "the unauthorized transmission or revelation of the contents of CIRVIS reports in any manner is prohibited."

I understand, of course, that these restrictions are intended for reports of aircraft formations, missiles, submarines, etc. and most likely were not intended for UFO reports. I continue to be confused, however, by the general character of the security provisions; if they did not pertain to one phase of the information desired (UFO's) why was this not specified within the body of the instructions? It certainly would not have required an undue amount of effort.

Would you, for sake of clarification, please inform me as to what extent the security provisions cover UFO's?

Sincerely yours:

Director

Dear Major Coleman:

On 10 June 1961, at your request, I sent you information regarding a sighting of an unidentified flying object over Rushville, Nebraska early in January, 1961. I would appreciate knowing, in accordance with AFR 200-2, section 8, the outcome of the official study into this sighting.

Would you please send me a copy of the latest DOD News Release on the subject?

On 7 August 1961, I requested information regarding two Chicago-area sightings. (4 Nov 57, Elmwood Park; 19 Jul 58, Des Plaines, Ill.) I have been trying to obtain information about these incidents for over a year. If I cannot get it through normal channels, I may be forced to seek assistance, as I have done before.

On 11 September 1961, I requested information regarding a series of UFO reports (30 Aug 61; 5 Sep 61) over Cincinnati, Ohio. I would like to know the official conclusion in this case, in accordance with AFR 200-2, section 8.

Major, I have a considerable amount of patience and I feel you are competent for the work you are doing. I hope you will provide the information requesting, thereby insuring ~~the~~ that both these characteristics will remain unchanged.

Sincerely;

Director

One other tragedy and another near tragedy UFO encounter
occured in Venezuela. On January 1, 1961 Mr. ~~XXXXXXXXXX~~

a government topographer in Merida, Venezuela was driving his
car from La Victoria to El Vigia on the Andean Highway. Suddenly
a brilliant metallic disc colored like polished blue steel swooped
down at incredible speed and crossed close to the hood of a passing
truck. The object rose into the sky immediately and was lost to
sight in seconds. When the disc rose above the truck, the truck
also rose a few feet in the air and overturned in the direction
of the object. The truck overturned in a nearby sandbank and rolled
over with its wheels in the air. The driver of the truck escaped
with minor scratches and nervous shock.

THE HIGHWAY STRETCHING OUT BEFORE HIM AND THE SKY WAS CLEAR. AWARE OF A TRUCK03
APPROACHING FROM THE REAR, HE PULLED HIS JEEP OFF THE HIGHWAY TO ALLOW IT TO 04

ROSE ABOVE THE TRUCK, THE VEHICLE ALSO ROSE A FEW FEET IN THE AIR AND 09
OVERTURNED IN THE DIRECTION OF THE OBJECT. FORTUNATELY THERE WAS A SANDBANK 10
WHERE THE TRUCK OVERTURNED AND THE VEHICLE FOUND A COMPARATIVELY SOFT LANDING 11

Ellington AFB, Texas

On January 12, 1961 1st Lt. [REDACTED] of Ellington Air Force Base, Texas was killed in a UFO pursuit near Alvin, Texas. In his 28-F-102 jet the National Guardman's plane was sent up on a 'hot scramble' "loaded for Bear" when his plane crashed in bad weather.

13 January 1961
Pacific Ocean

On January 13, 1961 a "mystery object" was tracked over the Pacific Ocean by a USAF radar station on Shemya Island, off Alaska. As there was no advanced international warnings as in previous Soviet Pacific shots, as Russian ships were a days sailing time from the impact area, as there was no splash noted and no further visual/^{or} radar or transmissions reported, this object could have been a UFO or another one of those objects from outer space.

I STARTED FROM THE HOUSE ABOUT 11:15 A.M. WITH MY BIRD DOG TO HUNT. WE WERE ABOUT ~~700~~ 700 FEET BACK IN THE FIELD HEADING SOUTH. WHEN I LOOKED UP AHEAD IN THE SKY AND SAW 3 SMALL CLOUDS THEN I WENT BACK TO HUNTING I TOOK 4 OR 5 MORE STEPS AND THOUGHT SOMETHING WAS PECULIAR SO I GLANCED BACK UP AT THE CLOUDS THEN I REALIZED WHAT IT WAS. THE TOP AND BOTTOM CLOUDS WERE GOING FROM WEST TO EAST ~~WITH~~ THE WIND BUT THE ONE IN THE MIDDLE WAS GOING FROM EAST TO WEST AGAINST IT. ← 

THEN I STOPPED AND WATCHED

→ REAL CLOSE, AS I WATCHED

THE ONE IN THE MIDDLE CONTINUED

TO MOVE TO THE WEST THEN THE CLOUD SEEMED TO DISAPPEAR OR FORM INTO A METALIC ELONGATED EGG SHAPED OBJECT STILL MOVING TO THE WEST AGAINST THE WIND VERY SLOW THEN IT TILTED UP AND THE SUN GLINTED FROM IT TILL IT STOPPED STILL IN THE AIR FOR A FEW SECONDS. THEN IT SEEMED TO TILT BACK A LITTLE AND MOVED UP AND AWAY FROM ME (DUE SOUTH) IT MOVED VERY SLOWLY AND WOBBLLED UP AND DOWN SLIGHTLY THEN FROM THE EDGE OF IT CAME WHAT SEEMED TO BE RAYS OF LIGHT WHICH WERE ALTERNATELY BRIGHT

(OVER)

LIKE A SPOT LIGHT AND DARK OR BLACK. AFTER A FEW SECONDS OF THIS IT TILTED FURTHER BACK AND WOBBLED A LITTLE MORE THEN CONTINUED TO MOVE UP AND AWAY FROM ME SLOWLY THEN I LOOKED AROUND TO SEE IF ANYONE ELSE WAS OUT. ~~SEEING~~ SEEING NO ONE AROUND I CALLED MY DOG AND RAN FOR THE HOUSE, WATCHING THE OBJECT OVER MY SHOULDER. AS I WENT, I WAS CALLING FOR MY WIFE. BUT COULDN'T GET HER OUT OF THE HOUSE AT FIRST SO I CAME DOWN OFF A SLIGHT RISE BEHIND THE HOUSE, CALLED HER AGAIN. THEN ~~WENT~~ WENT RIGHT BACK ON THE RISE BUT IT WAS GONE.
