CASE

Summer 1964

Dear Defence Department

One summer night in 1951 about 10:00 p.m.
and someone saw something that looked
like a big white object that was moving
in and out again for some time it was not
the and appeared to be a person was in the
your balloons I ask a man about it and he
said that he would bring a telescope, but
not bring it, but you know how
for me don't look that I am trying to be
funny because I can't thank you.
