DEPARTMENT OF THE AIR FORCE  
WASHINGTON

OFFICE OF THE SECRETARY

JUN 30 1965

Dear Mrs. [REDACTED]

This is in reply to your letter concerning unidentified flying objects.

I am enclosing a copy of FTD Form 164 which is used for reporting an unidentified flying object to the Air Force. If you will complete the form as fully as possible and return it to this office, we will evaluate your report, and you will be informed of the results.

The material that you found in your yard was probably "chaff". This material is dropped from aircraft for the purpose of training radar operators in the event of enemy attack. I am enclosing an information sheet on this subject which will help you gain a better insight into the cause of such operations.

I am also enclosing the current report on Project Blue Book, the Air Force project on unidentified flying objects, for your perusal. I hope this report will be of interest to you.

Sincerely,

*John P. Spaulding*

14. Did the object disappear while you were watching it? If so, how?

YES. WE WATCHED IT UNTIL IT WENT OUT OF SIGHT,  
OVER THE HORIZON.

15. Did the object move behind something at any time, particularly a cloud?

(Circle One):

Yes

☒ No

Don't Know.

IF you answered YES, then tell what

it moved behind:

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One):

Yes

☒ No

Don't Know.

IF you answered YES, then tell what

in front of:

17. Tell in a few words the following things about the object:

a. Sound

NONE

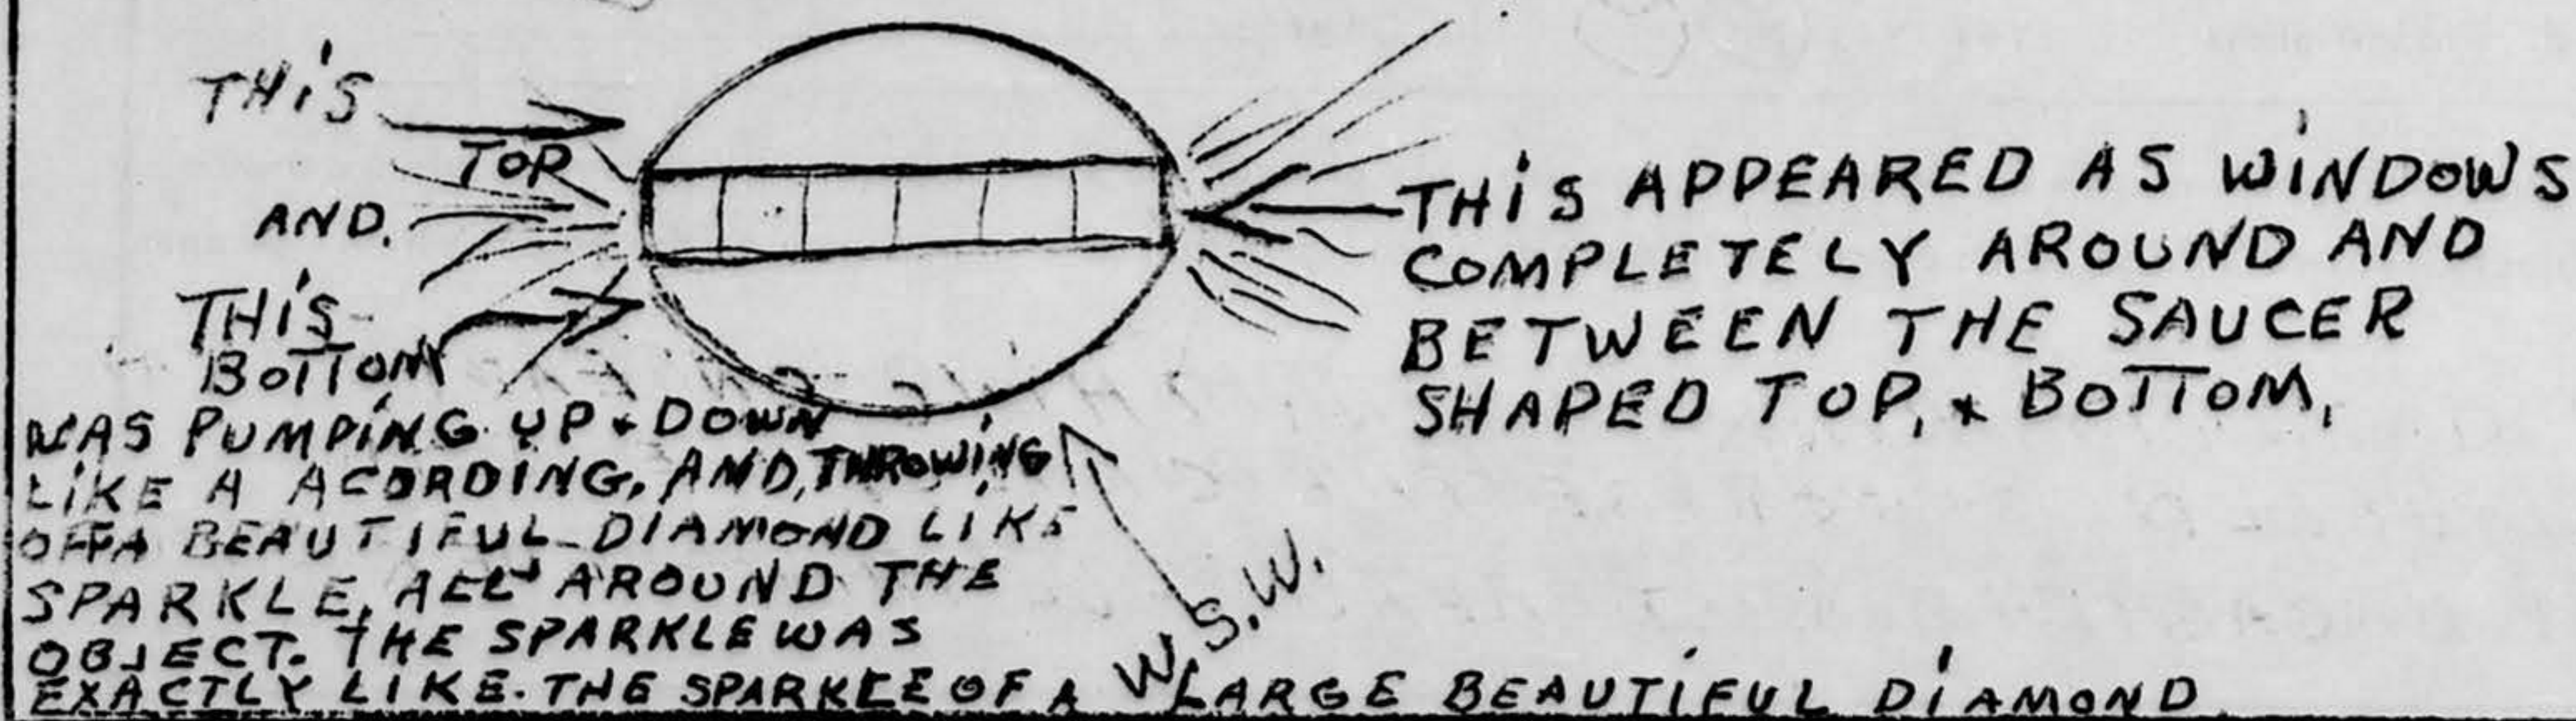

b. Color

THE BRIGHTEST SILVER I EVER SAW.

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

POSSIBLY ABOUT 3 OR 4 INCHES.

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

20. Do you think you can estimate the speed of the object?

(Circle One)

☒ Yes

☐ No

IF you answered YES, then what speed would you estimate? 30 or 35 M.P.H.

21. Do you think you can estimate how far away from you the object was?

(Circle One)

☒ Yes

☐ No

IF you answered YES, then how far away would you say it was? 150 FT.

22. Where were you located when you saw the object?  
(Circle One):

- a. Inside a building
- b. In a car
- ☒ c. Outdoors
- d. In an airplane (type)
- e. At sea

- e. Flying over a city?
- ☒ f. Flying over open country?
- g. Other VERY SMALL CITY

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- |              |              |              |              |
|--------------|--------------|--------------|--------------|
| a. North     | c. East      | e. South     | g. West      |
| b. Northeast | d. Southeast | f. Southwest | h. Northwest |

24.2 How fast were you moving? \_\_\_\_\_ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One)

☐ Yes

☐ No

25. Did you observe the object through any of the following?

- a. Eyeglasses Yes ☒ No
- b. Sun glasses Yes ☒ No
- c. Windshield Yes ☒ No
- d. Window glass Yes ☒ No

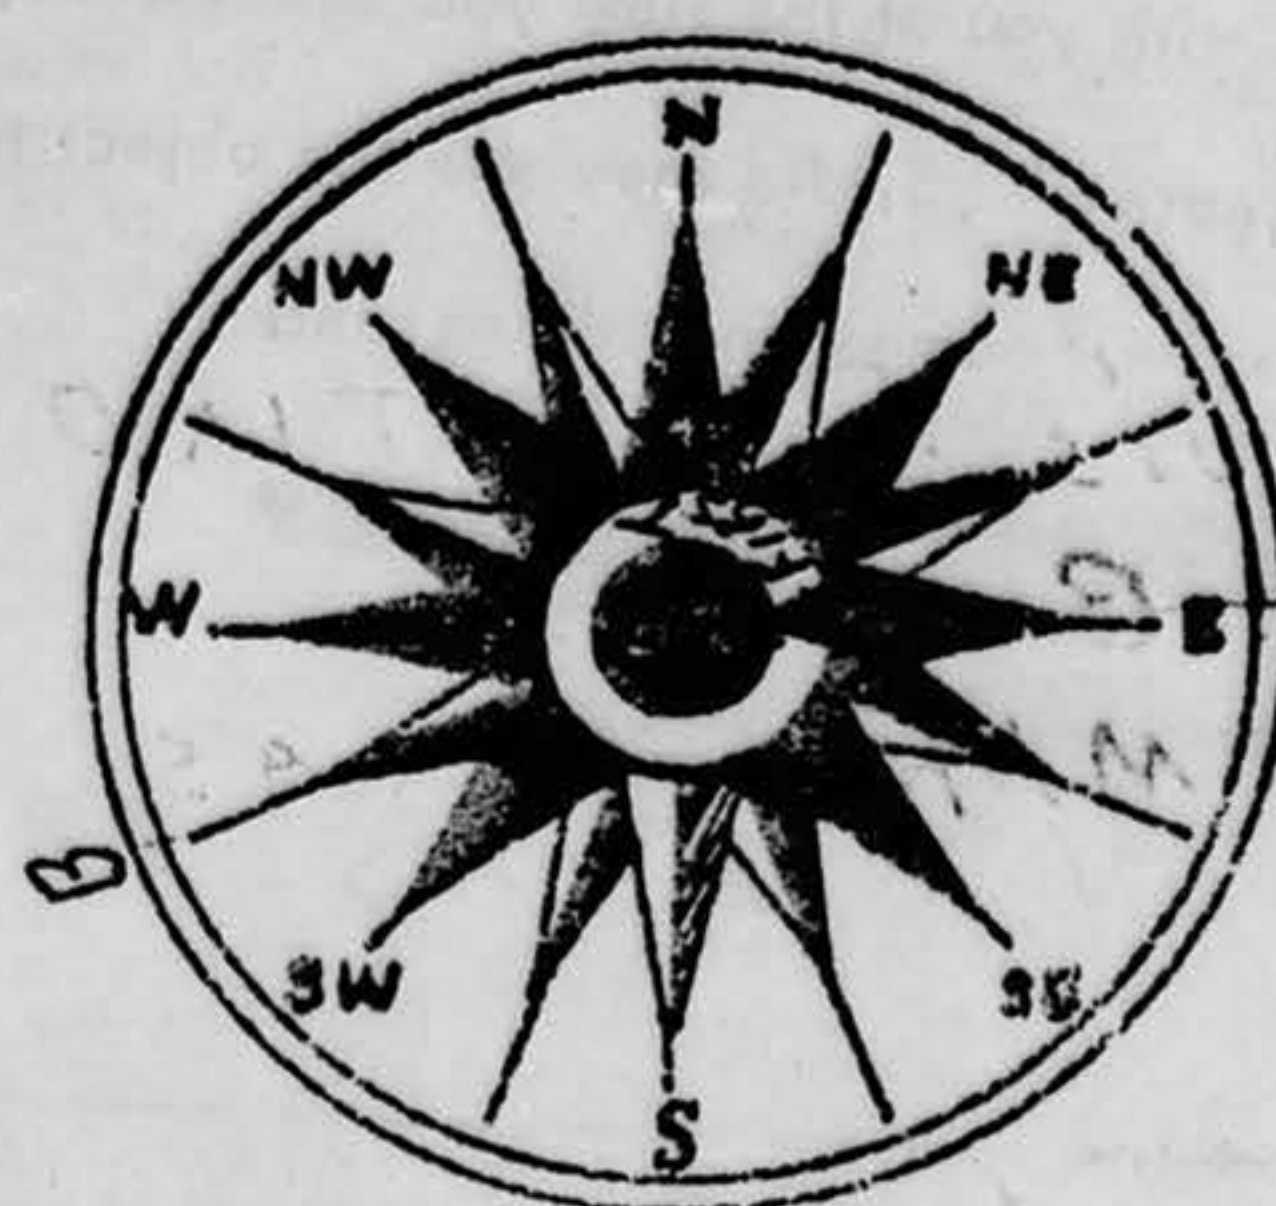

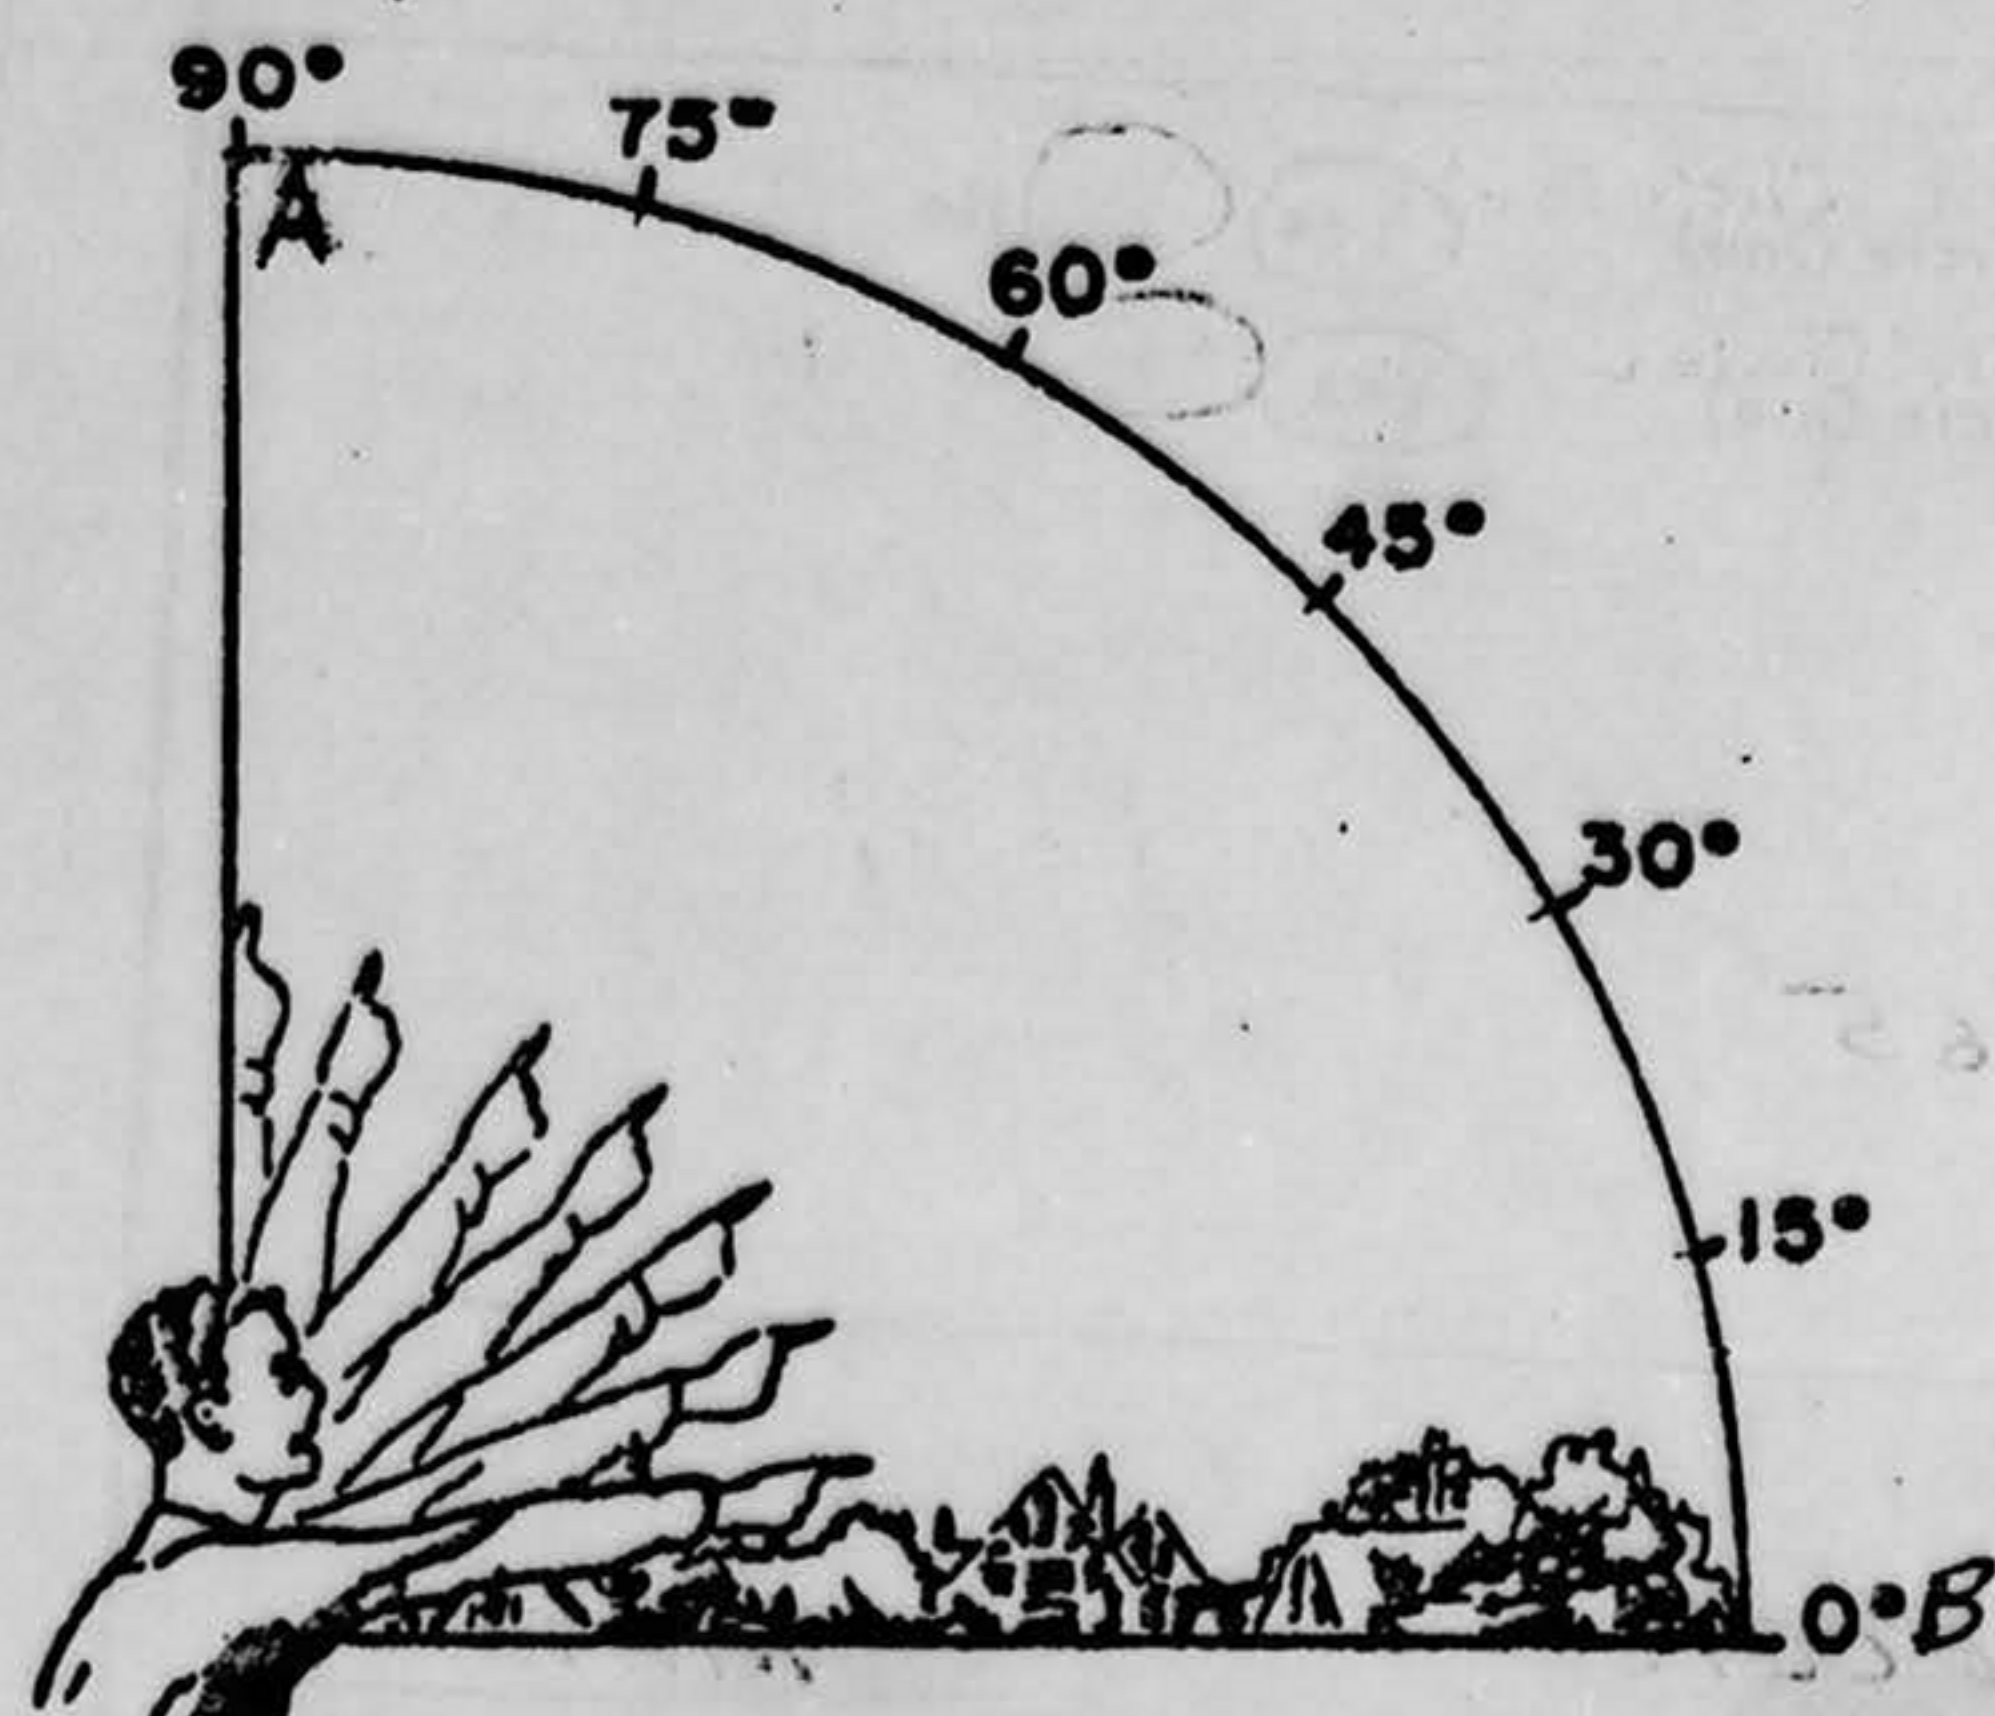

- e. Binoculars Yes ☒ No
- f. Telescope Yes ☒ No
- g. Theodolite Yes ☒ No
- h. Other \_\_\_\_\_

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

I CANT THINK OF ANYTHING ON EARTH THAT  
WOULD DESCRIBE THE OBJECT WE SAW.  
IT WAS THE MOST BEAUTIFUL THING I EVER SAW.

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.

IT WAS OVER HEAD

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

IT WAS OVER HEAD WHEN WE SAW IT, AND  
IT WENT STRAIGHT UNTIL IT WENT OUT OF SIGHT  
IN THE HORIZON.

29. IF there was MORE THAN ONE object, then how many were there? ONLY ONE  
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

NO

31. Was anyone else with you at the time you saw the object? (Circle One)

☒ Yes

☐ No

31.1 IF you answered YES, did they see the object too? (Circle One)

☒ Yes

☐ No

31.2 Please list their names and addresses:

Elington Air Force Base.

SO I SENT THE SAMPLE THAT THEY HAD ASKED  
 FOR TO ELLINGTON AND WAITED TO SEE WHAT  
 THEY HAD TO SAY. ALL I RECEIVED FROM  
 ELLINGTON, A.F.B. WAS A THANK YOU  
 FOR THE SAMPLE. BUT WITH NO OTHER  
 INFORMATION. I AM RATHER SURE THEY  
 WOULD HAVE SOME RECORD THAT WOULD  
 GIVE YOU THE EXACT DATE, THAT WE SAW  
 THE OBJECT- AS IT WAS THE SAME DAY THAT  
 WE HAD REPORTED THE OTHER STUFF.

Dear Mrs. [redacted]:

This is in reply to your report of an aerial object which you could not identify in 1961.

The object or phenomena which you observed is similar to an observation of a sun dog. If the object appeared stationary or appeared to float around in the same general location for a considerable portion of the 4-5 minutes during which it was observed and the disappearance over the horizon was a matter of seconds, then the object was in all probability a sun dog. Disappearance in this manner could be attributed to dissipation of the ice layer reflecting the sun. Sun dogs appear between twenty and twenty-five degrees from the sun. Your report places the object at that approximate position.

Thank you for reporting your observation to the Air Force

Sincerely,

ON THE DAY WE SAW THIS OBJECT, A ROOMER<sup>AT MY</sup> HOUSE HAD GONE TO THE GROCERY STORE, ON OUR WAY BACK, ABOUT 4 BLOCKS FROM OUR HOUSE, WE NOTICED LONG STRINGS OF SOMETHING COMING FROM OUT OF THE AIR. JUST AS HIGH AS ONE COULD SEE THEY WERE LONG SOME A BLOCK LONG. THEY WERE HANGING ALL OVER THE TREES, ELECTRIC PHONE LINES, WE WERE AT A LOSS TO WHAT THEY WERE THEY LOOKED LIKE SPIDER WEBS. OR, MAYBE BURNT ASBESTOS. I DONT THINK THEY WERE CHAFF OR ELLINGTON AIR FORCE BASE WOULD HAVE TOLD US. WE STOPPED AT A FRIENDS HOUSE AND WE ALL WATCHED THIS COMING DOWN. THEN WE DECIDED TO CALL ELLINGTON AIR FORCE BASE. THEY IMMEDIATELY SENT SEVERAL JETS OVER KEMAH. AND TOLD US BY PHONE TO GIT THEM A SAMPLE OF THIS, WHATEVER IT WAS, I DID. WE HAD GATHERED QUIT A BIT THEN WE CAME ON HOME. THEN AFTER HERE A WHILE I WENT OUT IN THE YARD TO HANG OUT SOME CLOTHES ON THE LINE. I LOOKED UP AND SAW A LONG STRING OF THAT SAME STUFF COMING DOWN. I CALLED TO THE MAN TO COME OUT AND GIT IT FOR ME SO I COULD PUT IT WITH ELLINGTON A.F.B. SAMPLE WHEN THE MAN GOT TO WHERE I WAS HE LOOKED UP AND SAID TO ME WHAT IN THE WORLD IS THAT, THEN WE SAW IT. AND JUST STOOD THAIR AND WATCHED IT AS LONG AS WE COULD. WE TOLD EVER BODY ABOUT IT BUT THEY JUST COULDNT BELIEVE IT. WE HAVE TOLD MANY PEOPLE. I EVEN TOLD IT ON THE K.T.R.H. RADIO NIGHT, WHAT DO YOU THINK. PROBABLE BUT SEVERAL PEOPEE CALLED IN. AND MADE REMARKS SUCH AS. WONDER WHAT BRAND SHE DRINKS SO I JUST CANT MAKE PEOPLE BELIEVE WHAT WE SAW.

SUBJECT: UFO Sightings, Kemah, Texas, Spring 1961

TO: Hq USAF SAFOICC (Mrs [REDACTED])

1. This office is in receipt of an unidentified flying object report from Mrs [REDACTED], Kemah, Texas of two objects which she observed in the spring of 1961. Please apologize for the delay in replying.
2. The observation of the white spider-like material was in all probability spider webs from migratory or ballooning spiders. For an account of similar incidents it is suggested that she read "The World of Flying Saucers" by Doctors Boyd and Menzel. There are quite a few reports of these observations on file at Project Blue Book.
3. We have screened the files at Project Blue Book and apparently her report was not forwarded to us from Ellington AFB since there were no reports from Kemah, Texas for the spring of 1961.
4. The object or phenomena which she observed is similar to an observation of a sun dog with the exception of the motions and disappearance over the horizon. If the object appeared stationary, or appeared to float around in the same general location, for a considerable portion of the 4-5 minutes during which it was observed and the disappearance over the horizon was a matter of seconds, then the object was in all probability a sun dog. Disappearance in this manner could be attributed to dissipation of the ice layer reflecting the sun. Sun dogs appear between twenty and twenty-five degrees from the sun. Her report places this object at that approximate position. Again, if the motion conforms with the above, then her sighting can be evaluated as a sun dog. If not, we are at a loss to explain the object/phenomena which she observed.

Mrs. Sally Hunt  
U.F.O. Specialist  
Dear Lady

I heard on the Radio one day  
that you were asked if you believed  
the U.F.O were from outer space,  
and you said no.

if you really believe this then  
I am wondering if you could  
tell me who owns, or who  
makes, these like the one two  
of us saw while standing in  
our back yard. First let me  
tell you about it. it was a  
beautiful sunny day about two  
years ago; I was coming  
back from Grocery Shopping  
about ten A.M. I noticed while

driving long white cotton, or  
spider web, like strings coming  
out of the sky. they were  
coming down hanging all  
over ever thing, telephone, &  
Electrical lines, trees and ever  
thing was full of them we  
could see them coming down  
swinging around some probably  
a half mile long. I stopped  
at neighbours and ever one  
was watching this. finally I  
called Ellington Air Port  
here near Houston they told  
me to get them a Sample of it,  
in which, I did, and mailed  
to them. They sent money  
money fets over our town  
as soon as I called them

I do not know what they found  
out, but I sent the sample  
and was thanked by letter for it.  
Then about 230 P.M. I had  
quit looking and was at home  
I went in to the back yard  
and as I started to hang a  
piece of clothes on the line  
I saw a large string of  
this asbestos like stuff coming  
down near me. I wanted  
a piece to keep and examine  
closely, so, I called a man  
rooming in my house, he  
came out and I told him  
to gather it up for me as it  
came down, and just at  
that time he said to me look  
what is that. Lady, Right over

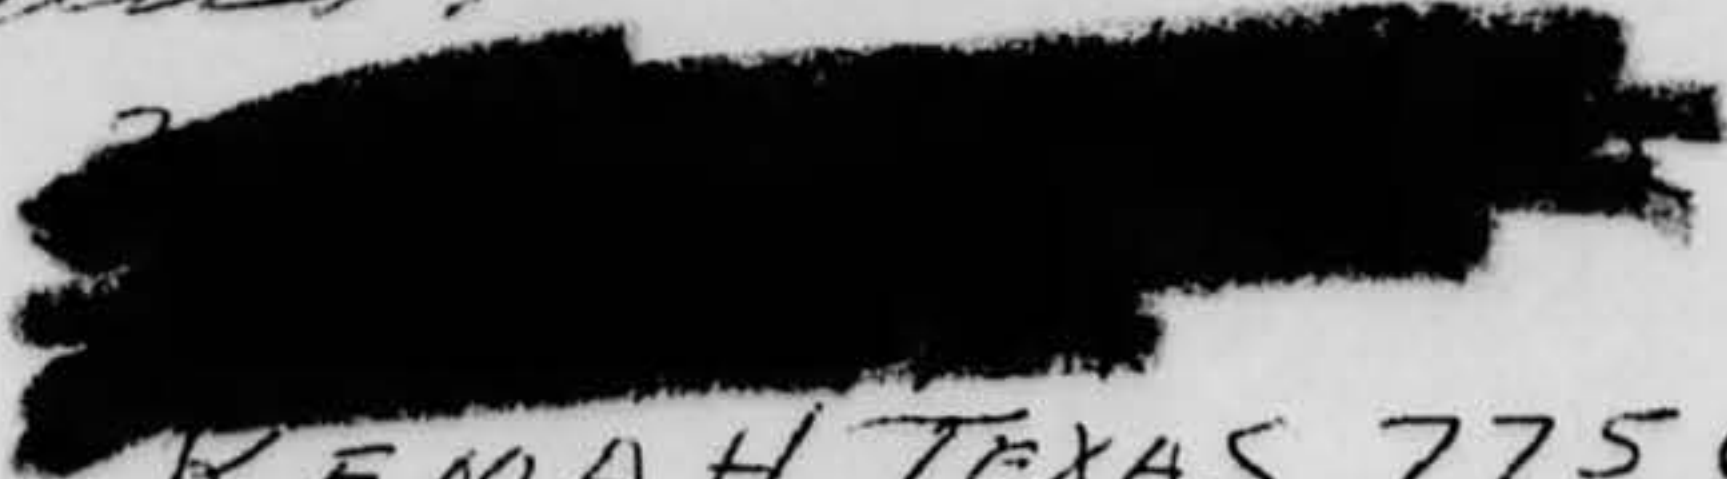

Air Heads was a Round machine  
as Whit ever it was, it was about  
50 ft wide the most Beautiful  
thing I ever saw. it glowed  
like a diamond it looked like  
two Round disks with a opening  
or windows around the center  
it looked like it was Pumping  
in a accordion fashion  
and ever time it Pumped.  
it looked like sparkles was  
coming out that looked exactly  
like the Sparkles of a large Diamond  
under sun, or light, there  
was no noise, not a sound,  
yet it was just over the  
top of the trees, we both  
stood and watched it until  
it went out of sight it  
didn't seem to be going fast

it was just moving along with  
a up & down motion - Every  
time it would go to gather in  
the middle in a Pump fashion  
these beautiful Diamond like  
sparkles would shoot out. All around  
the machine, it ~~was~~ was the brightest  
aluminum I have ever seen  
like the most shiny foil in sun  
light. we were not imagining that  
we saw this, we did see it. as  
I said it was very near the  
ground on a very beautiful day  
and was not going fast. and  
made no noise. if any one  
makes or owns such thing  
I surely would like to know  
about it. because Every time  
I Trip out at Night in my  
Yard I am wondering if one  
could be sitting there because  
if it was you couldn't hear it

When we tell any one about this  
they look at us like we may be  
Crazy, or, at least doubt what  
we say. And another thing  
neither of us drink. and what  
we saw. we Really Saw it.  
I must say it was not a scary  
thing, to look at, ~~as the contrary~~  
it was one of the most beautiful  
things I ever saw it was just  
Bouncing along. - Beautiful  
Please, Could you please tell  
me what it was that we saw  
was it a Bolt made machine -  
if it was I think I will feel  
better by knowing it, excuse  
my writing. and hope you  
can read it.  
Thanking you for any information  
Regarding this.
