

PROJECT 10073 RECORD CARD

1. DATE 2 Apr 61		2. LOCATION Reno Nevada		12. CONCLUSIONS ☐ Was Balloon ☐ Probably Balloon ☐ Possibly Balloon ☐ Was Aircraft ☒ Probably Aircraft ☐ Possibly Aircraft ☐ Was Astronomical ☐ Probably Astronomical ☐ Possibly Astronomical ☐ Other ☐ Insufficient Data for Evaluation ☐ Unknown	
3. DATE-TIME GROUP Local 2335 GMT 03/0735Z Apr 61		4. TYPE OF OBSERVATION ☒ Ground-Visual ☐ Air-Visual ☐ Ground-Radar ☐ Air-Intercept Radar			
5. PHOTOS ☐ Yes ☒ No		6. SOURCE Civilian			
7. LENGTH OF OBSERVATION 5 Minutes		8. NUMBER OF OBJECTS one		9. COURSE N-S	
10. BRIEF SUMMARY OF SIGHTING Object shape of bright star with yellow tint observed directly overhead moving N to S. No discernable features. No sound. Movement S included stop for 7-8 seconds in irregular pattern. Faded from view and disappeared 20 deg above horizon.				11. COMMENTS Manuevers are typical of helo. It is possible that the State Patrol could have been patrolling the highway in a helicopter, or a light plane from one of the local ranches may have been in the area. Flights of this nature are very difficult to check. Wind velocity at altitude prevented witnesses from hearing any sound. All indications point to an aircraft of some sort. No information available as to type of aircraft or direction of flight.
