Blue Globe Over Baltimore

At 9 p. m. on 2 July 1962, Mrs. Blanch Rattagin telephoned WFBM, Baltimore to report watching a red flickering flame which seemed appended to a blue-colored balloon-shaped object. The blue object was moving in a northeastern direction against the wind, and below the clouds. WFBM received several calls about it, as did newspapers and Friendship airport, in the area. The object went into a cloud as an aircraft approached from the east and was not seen again.
