I SAW TWO OBJECTS MOVING ACROSS THE SKY, AT ALMOST THE SAME COURSE [] AND SPEED. ONE OBJECT, A, APPEARED TO STOP, DIP, AND CONTINUE ON. THEY MIGHT HAVE BEEN AIRPLANES, BUT WITH MY KNOWLEDGE OF SATELLITES, I DOUBT IT. THERE WAS NO SPECIAL MOVEMENT OTHER THAN THE DIP THEY MOVED ACROSS THE SKY LIKE SATELLITES.

Gentlemen;

On August 2, 1962 at exactly 10:35 PM EDT two flying objects were spotted directly overhead. They were flying from the southwest to northeast, and were visible for about three minutes. According to the New York Times the only satellite scheduled to be visible was Echo over New York City at 8:55 PM EDT. I am sure that neither of the objects were airplanes due to their course and speed, and also because of a dipping motion it seemed to have as it disappeared over the horizon.

Would you please try to identify these UFO's. I was thinking that one or both of them might belong to the USSR. If so, could you please explain why they both appeared at the same time with practically the same course and speed.

I would appreciate a prompt reply. Thank you for your time and trouble.

Sincerely,
