1. DATE 7 August 1962		2. LOCATION Curaco not rptd (at sea)		12. CONCLUSIONS ☐ Was Balloon ☐ Probably Balloon ☐ Possibly Balloon ☐ Was Aircraft ☐ Probably Aircraft ☐ Possibly Aircraft ☐ Was Astronomical ☐ Probably Astronomical ☐ Possibly Astronomical ☐ Other ☒ Insufficient Data for Evaluation ☐ Unknown	
3. DATE-TIME GROUP Local evening GMT		4. TYPE OF OBSERVATION ☒ Ground-Visual ☐ Ground-Radar ☐ Air-Visual ☐ Air-Intercept Radar			
5. PHOTOS ☐ Yes ☒ No		6. SOURCE Military (Dutch Navy)			
7. LENGTH OF OBSERVATION 4 minutes		8. NUMBER OF OBJECTS one		9. COURSE Easterly	
10. BRIEF SUMMARY OF SIGHTING Clear sky. Clear light going fm West to East. Thought to be star or planet until it moved. Disappeared slowly.				11. COMMENTS Location of sighting not rptd. Possibly Satellite sighting. Data insufficient for analysis. Time of sighting not rptd.	

7 AUGUST

At. 20.23 pm.

FS

Dear Gentlemen

On the evening of the 7. August 1962
we saw a clear light in the sky. It was going from
West to East. This is not exact for we had not a
compass. We thought that it was a heavenly
body but therefor it went to fast along the
sky and then we got the thought that it was
an object of mysterious origin and while
we got this thought we said to each other: We
have to write this to the men of Cape Canaveral
and so here you see our letter.

We would like it if you gave ^{us} any answer
about this. There is one particularity more
that is: on a given moment the light put out
slowly, we had seen it then for about 4 minutes.
