MEMORANDUM

Dear Col Friend:

Major Hart asked that I
send this letter to you
recommending you ask a Missouri
based investigator to check
out this report. He said
"might be some interesting
activity going on there in
those Ozarks."

Sincerely,

Dear Mr. President

It is very hard for me to write a great man like you because I can't spell very good. I am a green Country woman. But I am going to try to do my best to tell you about Objects that are landing in our woods. My husband and I were riding along West on Highway 8. The Objects two of them came down on top of trees next to the highway. The Objects stoped on top of the trees. My husband and I got out of our car to look at the Objects. The Objects then started moving away from us. The Objects look like stars when they go back up in the sky only brighter. When the Objects were on top of the trees they looked like a big balloon all lighted up. People have told me they have seen the Objects landing in the south and the east from here.

There is one large Object
landing now with my husband
and I seen the two land.

Where the Object is landing
is on Highway 8 West 8 miles
from Steelville, Missouri.

in the woods. When the
big Object is landing we
have trouble with our
T.V. our picture goes off and
some funny sound like
some kind of buzzing sound.
This is the picture I have
picked up on T.V. when the
Object is landing.

The Object moves from out
of the South to the West
and lands. We can see
the Object from our home.

At 20 minutes before 8:00^{pm} o'clock
at night it lands. Please
Mr. President if you don't know
what this Object is. Please
send somebody out here that
would find out what it is.

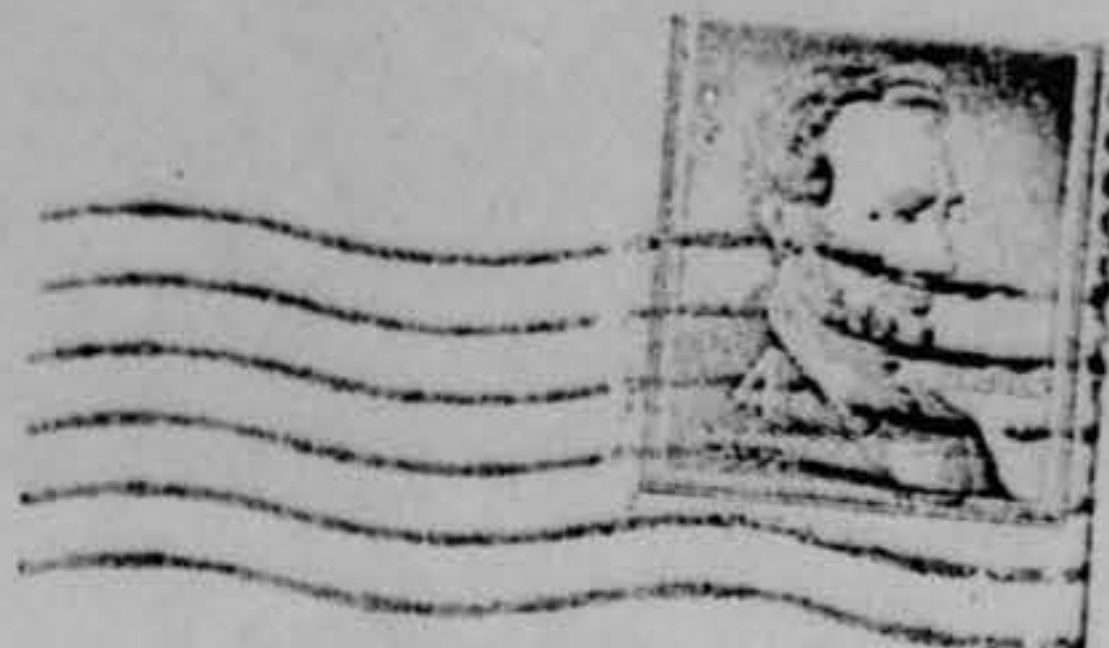

And don't write me.

Because I don't want my husband to know I wrote you.

But if the Object doesn't belong to us and you want us to help find it in the woods we will help.

When it is Cloudy the Object does not land.
