~~REDACTED~~, NY Herald-Tribune called to ask if we had reports of a UFO in NY & N.J. Indicated he had contacted H^Q General AFB, who said they "would look into it in the morning". He then called Pentagon, who suggested he contact FTD. We had no report from this area. There were at least 4 objects "with a red light on top which illuminated a top-hat shaped object." Also reported as low, Blue-white, very bright, visible to most areas of Northern N.J. "to the south" (direction). The Emerson N.J. police (Code 241 Colfax 2-2800) reported to Barnhill that 4 patrolmen had watched the UFO for over an hour there. He mentioned

the station house. The Hackensack Police
 (Cook & O. Hubbard 7-1200) reported to Barnhill
 "4 adult, sober, men of normal faculties, all
 strangers to each other, reported 4 objects for about
 1 1/2 hours with red light above which illuminated
 a top-hat shaped body beneath."

The above data relayed to M^cGuire OD, Ft

CASE Sept 21, 62

15

Hillsdale, New Jersey
Jan 22, 1963

Dear Sirs,

I am very interested in unidentified flying objects. I would like some information on this subject. And, if possible, I would like some pictures of them.

I have seen two U.F.O.'s.
One on Sept. 21, 1962. It was round, black, and traveling at 300 m.p.h. The second one was pulsating, red and green. I saw it on January 6, 1963.

Sincerely,
[Redacted Signature]

SUBJECT: Extract from Duty Officer's Report

24 Sep 62

TO: TD-E (Col Friend)

The following, extracted from Maj Greene's OD Report dated 21 Sep 62, is quoted for your information:

2100 hours, UFO sighting message phoned to Col Friend. He will take action Monday. Will keep him advised.

2135 hours, Telecon - UFO sighting from Sidney, Ohio. Forms 164 filled out from telephone interview.

→ 2345 hours, Telecon from Newark N.J. Office of the Herald - Tribune reporting numerous sighting of UFO in North N.J.

2350 hours, Initiated telecon to McGuire to investigate UFO.

0110 hours, Called OD at McGuire. Passed thru TSgt Croninger (CQ) for McGuire to contact Emerson N.J. Police and Hackensack N.J. Police to get eye-witness reports, then file proper reports IAW AFR 200-2. The N.Y. Herald-Tribune has a partial story on the sightings, so

0120 hours, Lt Bradley, OD at McGuire called. He will contact NY H/T and police departments. He was told the press could give the AF adverse publicity if there was no action.

0205 hours, Lt Bradley phoned - no aircraft activity from McGuire in area. Gave him suggestions for getting info for report.

0300 hours, Lt Bradley phoned in flash report. Strong thermal inversion in area of sightings at time of sightings. At Hackensack, a lady reported 3 objects about 150' above river. Motionless for about 5 minutes, then rose rapidly in a westerly direction. In a few moments, there were 3 more objects there, for a total of 6. At this point on river, bridge construction is marked by red and white lights. Also, the N-S runway at Teeterboro is in nearly direct line with the sighting. Thus, could have been aircraft landing traffic and/or runway threshold and approach lights. The Emerson police report that 4 teenagers had reported the sightings and police placed little credence in report. Suggested Bradley call paper in Newark and inform them we are on the case and will release any news thru PIO. The McGuire PIO is Maj Steele ext 2104 Area code 609 Wrightstown, N.J. Raymond/4-2100 or SAC tie line thru Lockborne.
