Dear Sirs,

On the fifth of May nineteen hundred sixty four, I was out on the back steps looking up at a star or what I thought to be a star when suddenly this object went straight up in the air for about sixty seconds then straight down again. It was in a North Westerly direction at 45°. At first the object was white, then red, then redorange. It continued this motion for about 5 min. then disappeared.

I decided to wait a few days to make sure this wasn't a star. It never returned.

Sincerely yours,
~~████████████████████~~

P.S. It was between 9:45^{PM} to 9:50 P.M.

Dear Major Jack,

Do you have any Air Force photographs of helicopters in the air at night that you could send me? Also do you have any photographs of UFO's? Could you send me some information on Project Blue Book.

Thank you,

1

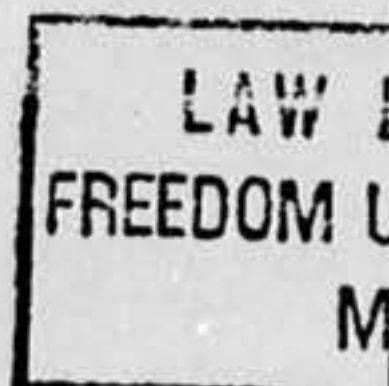

Is there any possible way that you could set me up with interviews ~~on~~ on personal who have seen these. One if at all possible I would like to interview is

Al Chaz. I have know way of knowing whether he is a true or fictional character in this movie. I would appreciate it very much if I could interview him.

Thank you,

Dear Sir,

Could you give me any kind of information on "Flying Saucers" (U.F.O.). I am 17 years of age and I am interested on writing a book about them. The title is: Unidentified Flying Objects (U.F.O.)

I recently saw a movie on T.V. titled "Unidentified Flying Objects". It had two films taken of Flying Saucers flying over parts of the United States. Since then I have become deeply interested in U.F.O. Is there any way that I might be able to get a hold of this movie?

There is one thing that I am curious about and that is "PROJECT BLUE BOOK". Could you give me any information on this and what it is about. I would appreciate it very much. If there is any possible way that you could send me books, articles from magazines, newspaper clippings and so forth I will be pleased.
