Draft of Reply

Dear

The President has asked that I reply to your letter regarding unidentified flying objects.

The investigation of unidentified flying objects reported in the skies over the United States is the responsibility of the Air Force. The name of this project is Blue Book.

In 16 years of investigating over 9000 reports of unidentified flying objects, the evidence has proved beyond reasonable doubt that reported aerial phenomena have been objects either created and sent aloft by man, generated by atmospheric conditions, or caused by celestial bodies or the residue of meteoric activity.

There has never been any evidence that UFOs reported to the Air Force represented extraterrestrial vehicles. No such object reported to the Air Force has given any indication of a threat to the United States nor has any evidence been presented that any unidentified flying object exhibited characteristics beyond the scope of current technical or scientific knowledge.

I am enclosing a copy of JTB Form 164 for your convenience in submitting your report to the Air Force should you desire to do so.

Sincerely,

May 1965

Sincerely,

Bedford, Ohio
