Saw it at 4:00 to 4:30 AM. It looked like it was one big light. It was drifting South and it was on the West side of the house. It drifted for awhile then it made a noise like an engine and it started moving East. As it moved East it looked as if it was spinning. My brother and I watched it. It stopped and started drifting South again. It was noisy that morning. It started making that noise again and it moved East. Whenever it started to open it took a shape like this. When it stopped

it looked like a sphere. It had a bluish scar in the center of it. It looked like a big white light. It started drifting South and faded slowly away. We saw another one north east of the one I just explained. We watched it and it faded away.

13 JUNE

~~My~~ ^{them} saw it first. He woke me up and showed it to me. I said that ~~it was~~ ^{it was} ~~probably~~ ^{it was} a light. And went back to bed. But he told me it had moved. I got up and looked at it more closely. We tried to think about what ^{it} could be. It couldn't be a light because it moved around and it wasn't a beam. It was ~~at the~~ towards the west and moved south (one went north). We saw ^{them} it from 4:00 A.M. - 5:00 A.M. It had a ~~metallic~~ metallic sheen, but looked whitish. All that I saw was it as a sphere. It could possibly have been as my brother puts it. There seemed to be four. (or else it traveled over ^{the houses} and seemed to be four). It hovered over the houses (nobody saw anything) probably because they were not expecting anything, and it was a very foggy night. We watched ~~them~~ fly over the house and at ~~around~~ ^{about} 5:00 A.M. ~~it~~ ^{it drifted up} just faded away. At about that time, I ran ~~down~~ down stairs to get my mother's car. (before that, I had been much too scared to do anything). What was strange about it was that at about 4:30 A.M. Mr. ~~Dr. [redacted]~~ drove away down the street right underneath it. Later we found out that he goes to work at 8:00 A.M.

This all happened ^{July} on ~~April~~ 13, 1965
Our main report was written at 5:09 A.M.
