Dear [REDACTED]

OCT 11 1965

This is in reply to your letter regarding unidentified flying objects.

A search of our case files indicates that the Air Force received only one UFO report from Minnesota for the period 2-10 August 1965. This report came from Proctor, Minnesota, and was evaluated as a refraction of the star, Antares.

I am enclosing a copy of the Air Force evaluation of the Mantell Case which you requested.

Sincerely,

JOHN P. SPAULDING

To whom it may concern,
Thankyou very much for
sending Socorro Summary
and FTD Form 164, which I
appreciate very much. Do
you know how I can get in
touch with ATIC, (Air Technical
Intelligence Center) if so please
send me the address, I will
be more than happy if you'll
do this. Also could you send
me the Report on ^{Capt.} Thomas Mantell,
the one who crashed while
chasing a UFO? in 1947?

I'm sure that you
have been informed of the tremendous
amounts of sightings which took
place in St. Paul and Minneapolis
during August 2-10 of 1965.
Could you send me the report on
this and tell me, if possible,
your own explanation of the
UFO's? Do you have in your
possession yet, the substances
which two twin girls found after
UFO's went over St. Paul (or was it
Minneapolis)? ??? Write very soon,

Reference the attached letter from Mr. [REDACTED] requesting information on unidentified flying objects. We have researched the case files and find only one report from the period of 2 - 10 August 1965 from the Minnesota area. This report came from Proctor, Minnesota and was evaluated as a refraction of the star Antares. Records indicate that [REDACTED] has received the current fact sheet, however he has requested a case summary on the Mantell incident.
