Dear Sir:

This morning at 11:45 a.m. E.S.T. at my home
I saw an unidentified flying disc. Blue
and orange in color. Traveling South West
to North East at between 2000 ft & 3000 ft
at between 350-400 mph. There was no sound,
exhaust, contrail or variation of the color as
it did not vary in speed. No foot holes
or projections could be seen. I continued to
watch for several minutes after this until
I saw was a jet & a satellite also traveling
South West to North East. The disc was
approximately 50-60 ft in diameter.

I was an air force pilot in World War II
1905-1954 Serial # 7-68375.
