Washington, D.C.

Dear sir:

I would like to report a UFO and ask if you could possibly tell me what it was. Here is the time it was spotted. On the night of Sept. 22, 1965 at approximately 9:00 P.M. I spotted a UFO. It was in view for about 1 hour and stayed in the same area for at least 1 hour. The object was oval shaped, it appeared to have a conning tower on it, but it may have not had one. The object also appeared to be flickering every once and a while, the colors Red, White, and Green. The object moved fast at times and then stood still at others. I myself confirmed that it was not a satellite because it went up, then made impossible turns to the left and right, it also stayed in the same area for a period of time as mentioned above. My friend and I were observing for about 1 hour, then at about 10:00 P.M. that night we were watching with high powered binoculars, and it disappeared, we did not see it go up, down, or left and right. Then at about 10 minutes later it reappeared and we kept on watching it. Then about 5 minutes later my friend saw a bright red flash, I quickly looked at it but what I saw threw the binoculars. It was just a white disc, I kept on observing it. While I was observing it, it disappeared so quickly I couldn't see which direction it disappeared into. There was no sight of the UFO after this occurrence.

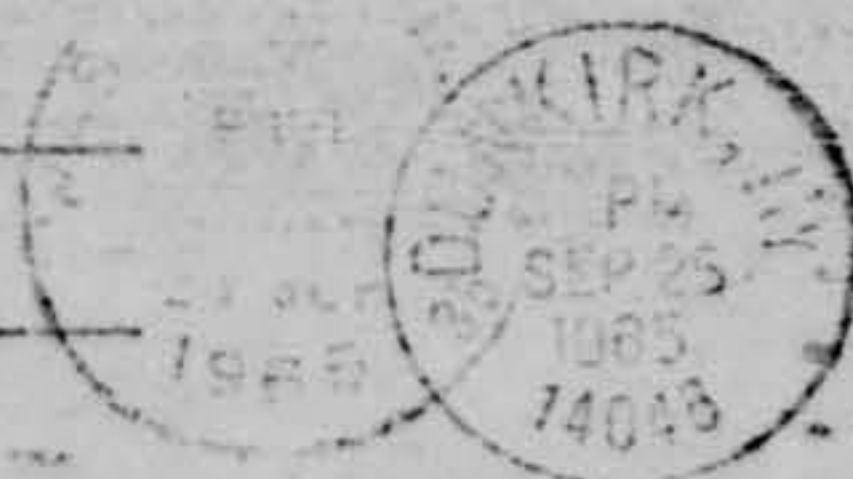

I would appreciate it very much if you could identify this object for me or classify it as an unknown flying object.

Thank you.

Mr. [REDACTED]

AFTER 5 DAYS, RETURN TO

OFFICE OF THE SECRETARY

Dear Mr. [REDACTED]

Attached is FTD Form 164 which is used for reporting observations of unidentified flying objects to the Air Force. In order for the Air Force to evaluate these reports, this form should be completed as fully as possible and returned to this office.

Sincerely,

Sara Hunt
