5. LENGTH OF OBSERVATION	11. BRIEF SUMMARY AND ANALYSIS
20 minutes	Object oval, size of golf ball. White. Light unidentified A/C reported to be circling object. Reported to be at tree top level; hovering with rapid forward accelerations and decelerations. Reported by youth. Observed from two locations. Erratic motion confined to small area as evidenced by light a/c circling object. Could be balloon, but object observed for 20 minutes and object did not rise more likely an astro body, with impression that a/c was circling object.
