First saw object at the address listed in front while going for dinner, got to my car and went to the Colonial Motel Restaurant 4.5 miles NE and sat so that I could see the object.

After object faded and as I was leaving the ~~PC~~ Restaurant I saw two aircraft in the area as if they were searching for something.

This probably has nothing to do with this object, but ~~then~~ I heard on the radio that there was an auto accident near this area.
