Dear *[Redacted name]*

Reference your letter of 13 May 1966 regarding an observation which you made during the month of March. The original negative is needed to perform a photo analysis. We would appreciate your completing the attached FTD Form 164 and forwarding your original negative to aid in our evaluation. The negative, along with two prints will be returned upon completion of analysis.

The following information would aid in the photo analysis:

- a. Type and make of camera,
- b. Type, focal length, and make of lens,
- c. Brand and type of film,
- d. Shutter speed used,
- e. Lens opening used; that is, "f" stop,
- f. Filters used,
- g. Was tripod or solid stand used,
- h. Was "panning" used,
- i. Exact direction camera was pointing with relation to true north, and its angle with respect to the ground.

For your information I am enclosing the brochure on Project Blue Book, which describes the program on unidentified flying objects to date.

We wish to thank you for reporting your observation to the Air Force.

Sincerely,

Dear Sirs:

On the month of March. I witnessed what I know was a UFO.
I took pictures of this strange object and had them developed.
After seeing this strange object a read in the paper all the other
stories so I did a paper and I'm still trying to gather information
on this subject.

Through all my studies I read that you where the center of
all the information gathered. Also through my research I read a
artical that you sometimes send a copy of Bluebook. I was wounder-
ing if you would send me a copy along with any other information
that you can. I would appreciate it.

Sincerely yours,
