Maj. Hector Quintanella, Jr.

Sir:

In everything that I've
read or heard on the subject
of W.F.O.'s, I can't seem to
get a real answer to what
the object was that my
husband and I were in the
sky on the 11th of Apr. at
9:00 AM to 4:00 PM. Send. 164

Enclosed you will find a rough copy of the sketch I drew as I watched, (not having a single roll of film in the camera). I still think of it as a balloon or weather satellite or such, but as the night goes by, I feel I'd like to know more of just what it was.

I've been told there's some type of object was seen in Warren, Ohio about 6:00 A.M. on the 11th of Apr. — also, about 3 weeks before, it was seen about 3 miles from my home here in Sharpsville, Pa.

3-

If it is at all possible
for you to enlighten me on this
with any information or as to where
I could obtain any information, it
would be greatly appreciated.

Thank you.

Sincerely

Apr. 1st 2:00 AM. to 10 AM
