- (4) Not reported
- (5) Unknown
- (6) 30 Minutes

c. Manner of observations

- (1) Ground visual

~~Approved (Signature)~~

(2) None

(3) NA

d. Time and date of sighting

(1) 1225 Z 4/21/66

(2) Night

e. Location of Observers

(1) Numerous calls to Napa, California Police dispatcher and telephone operator 39, Fairfield, California.

(2) None reported

f. Weather and winds

(1) Clear

(2) TAFB, 1230 Z

(3) Clear

(4) More than 10 miles

(5) None

(6) None

(7) Temperature was 45°, Dew Point, 42, Wind, 240°, 12 Knots. altimeter, 30.06 hg.

g. At 1226 Z, Base Operation requested if Tower personnel had observed any sighting, and reply was a meteor had been observed at the same time and that one bright blue light had appeared immediately thereafter and was still present. Base Operations then requested if weather would give an opinion. Captain Neubauer used AF binoculars; he stated was gases in the atmosphere. Captain Neubauer is a weather forecaster stationed at Travis Air Force Base.

h. None

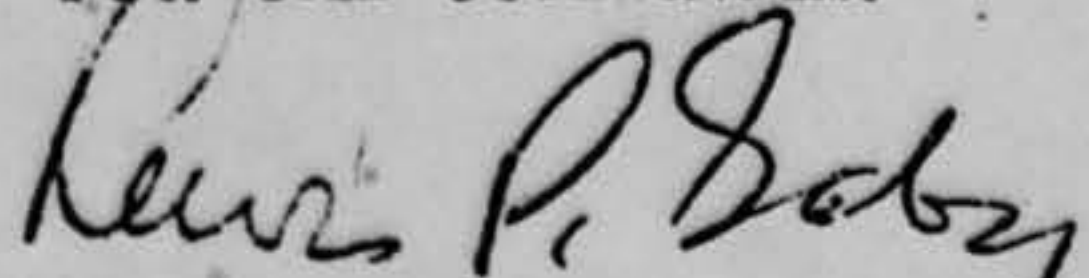

i. None

*a persistent trace
the light had side*

j. George T. Wilson, Major, USAF

k. None, however Captain Neubauer's statement appears to be a possible solution.

FOR THE COMMANDER

LEWIS P GABY, Major, USAF
Base Operations Officer

19 July 66

Conversation with radar section at Camp Pendleton, California
confirmed negative radar contact with alleged UFO.
