Object continually circled over Dayton - made three circles of area Lights flashing red + green - and yellow.

August 5, 1966

U F O Office
Wright-Patterson AFB, Ohio.

Gentlemen:

Yesterday, the radio news mentioned someone reporting a brilliant, blue-green light travelling south to north. I missed hearing where & when the person saw it, but several weeks ago I saw exactly the same thing, for about 2 seconds. It was at a low angle in the western sky and followed a line thus → , & travelling south to north. It didn't seem the right angle nor the right color for a falling star.

I just wanted to confirm what the individual reported seeing.

Yours truly,

(Miss) [redacted]

A radiant blue white light coming from no where, but direct heat was felt from the heaven —

Call from Mrs Jim Young of 5569 Shady Oak, Dayton, Ohio.

Last night, 18 Jul 66 at approximately 930pm she saw a light like a beacon. She felt the heat of it for an instance. Observed it for an instant. Like a red light, like a beacon , was a blue white flash. Husband said she was just having a hot flash and she said she was too young for that. It was just like an X-Ray Sent her a form 164 to complete (19 Jul 66)

Dear [redacted]

Our office received numerous calls concerning the observance of a suspected unidentified flying object that was over the Dayton area on the nights of 18 and 19 July 1966.

We were able to contact Mr. [redacted] of Barnes Aerial Advertising, Winchester, Kentucky. On the nights of 18 and 19 July, Mr. [redacted] was flying a 1959 Champion Aircraft with an advertising sign that had a series of lights on the bottom of the plane. From either side of the craft, in the distance, the advertising appears as a row of blinking or revolving lights. Mr [redacted] stated that a person had to be directly under the plane in order to read the sign.

I feel sure this was what you and the others observed. All of the reports provide quite similar information. There was no unusual objects reported by the local radar authorities.

I wish to thank you for reporting your observations to the Air Force.

Sincerely,

HECTOR QUINTANILLA, Jr, Major, USAF
Chief, Project Blue Book

Conversation with Mr. [redacted] (19 Jul 66) of Barnes Aerial Advertising, Winchester, Kentucky was flying the night of 18 July in the Dayton area. Mr. [redacted] was flying a 1959 Champion Aircraft with an advertising sign that had a series of lights on the bottom of plane. The plane landed at Montgomery County Airport to refuel before circling the Dayton area. Aircraft was advertising for Borchers Ford's 1966 close out sale. Onthe bottom of the plane are a series of lights. From either side of the craft in the distance the advertising appears only as a row of blinking lights. Area representative is Mr. [redacted] who will call us about [redacted] next flight in this and the surrounding area.

Mr. [redacted] contacts WP RAPCON on each flight in this area. He has been flying around the Cincinnati Area since April, refueling at the Greater Cincinnati Airport.

Mr. [redacted] said that a person would have to be directly underneath the plane in order to read the sign. Mr. [redacted] is going to send the Project Office a picture of his plane.

Mr. [redacted] informed the project office that he would be flying over the Dayton area on the evening of 19 Jul 66, 2030 - 2230 hours.

Conversations of 19 July 1966regarding observations on the night of 18 Jul 66

Check with WHIO. The man who answered the switchboard said that he didn't have anything in his script about the UFOs last being a neon sign for a car dealer flying over Dayton. He said to listen to the 8 o'clock news.

Check with the Clinton County AFB, Ohio Weather Bureau - Negative.

Check with the PoliceDepartment - specifically Lt Rado. He observed what he assumed to be a sign being towed by a commercial plane. The object appeared to being going East to West, thought it was probably over Springborgh. Looked to be at about 1000 ft, probably around 8 and 9 pm. If we want further information check with the Records people, Sgt Hanby. Rado hadn't given any further thought to the observation because it definitely appeared as a/c with banner in tow. He had been down to watch the Cincinnat Reds play ball the other week when Frisch's had a similar banner flying over the ball park for approximately one hour. Records Section had nothing on it.

Spoke with WHIO newsroom. They had gotten their information from the newspaper and therefore didn't know who the car dealer was.

Contacted Montgomery County Airport 866-2427 Radio Room There has been a man flying different advertising and he is from Winchester, Kentucky. She is going to have this man call us when he comes in for she didn't know if he was flying last night or not.

A citizen from he Dayton area called on 19 Jul 66. What he observed last night sounded like a piper cub towing pulsating lights, lights would go West to East. Plane was flying SE towards Cincinnati and Virginia. He had called WING radio station and they told him not to worry about it. He said he and his two friends thought it sounded like a piper cub.

NEGATIVE REPORTS FROM:

Stenger's Ford Co	Peffley Ford Co	FAA, W-P AFB
Vandalia Airport	Tower at W-P AFB	Clinton County AFS

Call from [redacted]t, Marysville, Pa 17053 who is visiting in the Dayton area.He saw an object traveling SW to NW. He never say anything like it and he certainly knows what an a/c looks like. This didn't have caution lights. Lights seemed to revolve slowly. It would go slow and then fast, disappeared near the Frigidare tower. It was like twenty lights surrounding. They would be on and then off. Called the base last night, 18 Jul 66 at 257-0122 and the guy who answered said he was looking for them but couldn't see them. Ulrich thought the guy should be able to see them but really wasn't looking. Lt. Marley explained that certain portions of W-P are at quite a distance from Dayton and they might not be able to observe it. Sent a Form 164 on 19 Jul at his request.

This Morning's Briefs

That "Saucer" You Saw Was Only An Ad

An airplane trailing an advertisement for a local auto dealer apparently missed its mark last night, prompting a rash of reports of sightings of an unidentified flying object.

Few saw the lettering even though one man insisted the aircraft was only 200 feet above the ground.

"Apparently the pilot was flying a little too high," a spokesman for the auto dealer said, trying to explain why the advertisinig was not easily visible.

Callers described the aircraft as a "double-decked disk all lit up . . . and rotating," and a "mess of lights, changing forms, flying high as a jet, egg-shaped, like light bulbs on a pole."

Tom Weber, 413 Forest Park drive, said he spotted the object above North Main street at about 9:15 p.m. seeming to hover about 200 feet above the group.

"I'm a graduate of Purdue university with a major in civil engineering. I don't believe in this kind of thing" (UFOs) but I saw it," he insisted.

143 To Be Drafted In August

There will be 143 Montgomery county men drafted into the service in August, Selective Service officials announced yesterday.

The men will be part of a state-wide draft of 3,395 men, compared with 2,785 in July. Officials said the "gross" call would lead to the induction of 2,207 men, compared with 1,671 last month.

Other area counties and their August call are: Greene, 31; Darke, 15; Miami, 35; Preble, 5, and Shelby, 5.

Musician Fined In Dope Case

A 25-year-old musician was fined $500 yesterday after he pleaded guilty to a reduced charge for a narcotics violation.

Robert Lee Oliver, 25, of 4004 Whitestone drive, was arrested after police confiscated marijuana at his home. He had been charged with a felony, but pleaded guilty to a lesser charge of maintaining a place where narcotics are kept.

Oliver was fined by common pleas Judge Cecil Edwards.
