SUBJECT: Request for Satellite Information, 8 July 1966

TO: Hq Foreign Tech Div (TDETR)

Reference the attached letter from [REDACTED], due to the relatively limited information on the sighting, it is difficult to identify the object in question with great certainty. However taking into account the visibility characteristics of objects in the vicinity of the sighting area, we believe Mr. [REDACTED] saw SDC object number 519, international designator 1962B-PSI 1, which is the upper stage (Scout) of a Transit-5A launch.

Investigation (cont.):

The 147th Fth Group, Tex Air Natl. Guard, had four F102 take off from Ellington AFB at approx. 1900 hours to perform an authorized low level fly-by over the city of Houston in connection with Independence Day ceremonies. After the fly-by was performed between 1500-2000 feet, the F102 activated their afterburners and climbed out of the area. It appears that, in all probability, this is what Mrs. and Mr. [REDACTED] observed and reported as a UFO.

No further investigation required.
