It was one huge white light on the front and three red steady lights on the trailing edge. The above statement contradicts with what was reported in the initial letter concerning the sighting. In the letter of 15 Jan 67 the witnesses said that no red or green lights were visible. The witness also talked about a 27 Jan 67 sighting which was observed by several persons. When sent the form 164 on this sighting the witness returned the form on the July 1966 sighting.

Dear Mr. [REDACTED]:

This replies to your recent letter in which you report your unidentified flying object (UFO) sighting.

It would be very difficult to evaluate your sighting at this late date. Time is of the essence in reporting UFO sightings. However, I have inclosed FTD Form 164 which is used in making an official report to the Air Force. If you complete and forward this form, we will attempt to evaluate your sighting.

I have also inclosed other material pertaining to UFOs which I hope you will find informative.

Sincerely,

PROJECT BLUE BOOK INFORMATION OFFICE

WASHINGTON, D.C. 20330

Gentlemen:

On the night of July 7, 1966, I had the occasion with two other boys to see an Unidentified Flying Object.

At approximately 10:00 P.M. I saw a bright light off in the distance and thought at first to be just a bright star. But as I watched it, the light became larger. I called [REDACTED] and [REDACTED] attention to the object. We could see it clearly since we were out in the middle of Grand Lake in a canoe. We watched it and as the light got brighter, we heard a low hum. The closer it came, the louder the steady hum became. It never at any time became unbearable. This hum was not the noise of an airplane, jet or helicopter. I know that definitely! As it came directly to the left of us, we could see three red lights. The lights were in a semi-circle pattern. It never stopped; the lights stayed on, never blinking, the low hum getting fainter as it trav-

eled out of sight. Gentlemen, this is true.

Sincerely yours,

A large, solid black rectangular redaction mark covering the signature area.
