Gentlemen:

Last Friday (August 5) I (and 4 friends) sighted what we considered a UFO. It appeared to be made of either six separate lights or something ringed with six lights occasionally going on and off. You may think that it was a plane with an odd array of landing lights but when it first appeared it remained stationary for about a minute. Instead of a complicated report on it I shall use the questions for a fireball in your pamphlet Project Blue Book I Feb. 1966.
