FAA
Philadelphia International Airport
Philadelphia, Pennsylvania 19101

Our office is in receipt of an unidentified flying object report for the Philadelphia area on 24 September 1966 at approximately 2045 EDT. Request information on any type of aircraft that could have been operating in that area with some type of electrical advertising gimmick. If you have knowledge of such an aircraft which operates in your area, this information would be appreciated. Also, request a list of those persons engaged in aerial advertising in the Philadelphia area who have been issued banner towing authorizations by the FAA.

Dear Colonel Manatt:

After a thorough check of the records we have available for September 24, 1966, we can find no reference to an unidentified flying object in this area. Since we only keep our daily records and tapes for a period of 15 days, it is impossible to check on individual airplanes in the area at that time.

We are forwarding a copy of your letter to Mr. L. Probst, Chief, General Aviation District Office, North Philadelphia Airport, who may be able to furnish you a list of persons issued banner towing authorizations.
