Gentlemen:

I called-up the Washington Post Newspaper, a few evenings ago,
and reported a flying saucer.....

The reporter told me to call y'all, but all I received was a recording
(most delightful!...didn't know it existed!) saying how many
objects (manmade) were in the sky, etc....

Well, anyhow..., anyhow, here's the scoop...

Enclosed are two diagrams showing the approximation of the location
of both saucers (or whatever they were).....

Hope it is helpful!

Thax!
