Received call from Lt/Cmdr WS Trainer, Command Duty Officer and Admin officer of Willow Grove NAS, Penn to report that he had interviewed a Mr. [REDACTED] Place, Philadelphia, Pa. Tele: [REDACTED] age 23 Due to fact that he does not have appropriate AFR to forward report, I took following information from him.

Oval or cigar shaped brownish-black UFO of 20' by 15' was observed as Mr. [REDACTED] approached. He first noticed a high pitched hf hum on his car radio and when he stopped the UFO hovered approximately 2' from his car-- he could have touched it had he opened the door. Object had a reddish white light from bottom and a being exited and came over and talked to him with an odd voice -- they carried on telepathic communication in which the being said "we are here to observe and see" we will contact you later" Although it was raining, the being was not wet nor was the area under the UFO. Being was dressed in slim white shiny clothes, had black hair, light skin, a small mouth, and a high pitched voice. Observer does not remember seeing moon or stars during event. The being returned to UFO through the lighted area on the bottom of craft and craft immediately departed vertically at a high rate of speed and disappeared. Total time of happening was approximately 1 minute on night of 5 Nov 66. Observer reported it to paper but when he was laughed at he decided to keep quiet and a friend called the NAS to ask Navy personnel to talk to the observer about it. Lt/Cmdr Trainer called and talked to the individual approximately 45 minutes. He reported the person seemed to be an intelligent, serious individual. This was all the information Cmdr Trainer had and the observer was not available to ask other questions as listed on the UFO report. - NO SOUNDS ASSOCIATED WITH UFO MOVEMENT
